COURSE OF STUDY.

—:o:—

PREPARATORY CLASS.

FIRST TERM—TWELVE WEEKS.

ARITHMETIC.....Sanford's Common School.
GRAMMAR.....Harvey's Elementary.
READING.....Holmes' Fifth.
GEOGRAPHY.....Maury's Elementary.
HISTORY.....Johnson's School History of Negro Race.
SPELLING.....Harrington's.

SECOND TERM—TWELVE WEEKS.

Arithmetic, Grammar, Reading, Geography, History of the Negro Race (Johnson's), Spelling.

THIRD TERM—TWELVE WEEKS.

Arithmetic, Grammar, Georgraphy, Reading, Spelling, Spencer's History of North Carolina.

—:o:—

JUNIOR COURSE.

FIRST TERM—TWELVE WEEKS.

*ARITHMETIC.....Sanford's Common School.
GRAMMAR.....Harvey's English.
GEOGRAPHY.....Maury's Manual.
UNITED STATES HISTORY.....Montgomery's.
PHYSIOLOGY.....Steele's "Fourteen Weeks."
SPELLING.....Sweet's Normal Word Book.

SECOND TERM—TWELVE WEEKS.

Arithmetic, Grammar, Geography, History of the United States (Montgomery's) Physiology, Spelling.

THIRD TERM—TWELVE WEEKS.

Grammar, Geography, Moore's N. C. History, Physiology, Spelling, Sanford's Common School Arithmetic completed.

*Additional problems will be given from Robinson's New Practical Arithmetic.

MIDDLE COURSE.

FIRST TERM—TWELVE WEEKS.

Arithmetic ..... Robinson's Complete.
Grammar ..... Maxwell's Advanced.
Algebra ..... Wells' Academic.
Theory and Practice of Teaching ..... Page's.
Civil Government ..... Finger's.
United States History ..... Chamber's.

SECOND TERM—TWELVE WEEKS.

Grammar, Arithmetic, Theory and Practice of Teaching, Algebra, English and American Literature (Morgan's), Spelling, (Henderson's Test Words).

THIRD TERM—TWELVE WEEKS.

Algebra, Grammar, Arithmetic, English and American Literature, Physical Geography (Houston's), Intellectual Arithmetic (Stodard's New).

—:o:—

SENIOR COURSE.

Composition and Rhetoric ..... Williams'.
Geometry ..... Wells' Plane and Solid.
General History ..... Myers'.
Latin ..... Chase & Stuart's First Year.
Psychology ..... Steele's.

SECOND TERM—TWELVE WEEKS.

Latin, Geometry, General History, Psychology (Steel's), Composition and Rhetoric, Practical Grammar and Correspondence.

THIRD TERM—TWELVE WEEKS.

Latin, Geometry, Natural Philosophy, Book-Keeping, Ethics (Steele's), Pedagogics.

The Instructors and Course of Instruction.

———:o o:———

This school is favored in having a competent corps of Instructors. They are all graduates and have had some experience in their vocation, nevertheless, they are endeavoring to better qualify themselves for their work. A third Assistant will be employed before the opening of the session in September next. This increase of our corps of Instructors will enable us to accomplish more efficient results in all our work,

We cordially invite parents and guardians, who desire their sons and daughters and others over whom they have control, to have the advantages of a good school which offers free tuition, to send them to the Elizabeth City State Normal School. The State of North Carolina wants an intelligent and honest citizenship, therefore, she offers you the advantages of this school, and it is your indispensable duty to send your children here to be educated. Our teachers are progressive, and they work assiduously to accomplish the best results for all who attend the School. Write to the Principal for further information than is contained in this catalogue.

The Course of Study of this School embraces about all the common school branches, and such other branches as the Board of Managers deem necessary for the present. Diligent and energetic students can complete it in four years, including the Preparatory Course. Otherwise, the Course can be completed in three years, two years, or one year, according to the Class the Student enters, and the TIME SPENT IN SCHOOL EACH YEAR.

———

NOTE.—Besides daily recitations in Vocal Music for the Senior and Middle Classes combined, there will be special drills in Phonetics, Penmanship, Letter-Writing and Essays for all the classes.

ELIZABETH CITY STATE COLORED NORMAL SCHOOL.

—o—

HISTORY.

This Normal School was established by the State Board of Education, in compliance with an Act of the General Assembly of North Carolina in 1890—'91, to educate and train teachers to teach in the Public Schools of the State. Therefore the purpose of this Normal School is to *educate*, *train* and *prepare* teachers, in all the fundamental branches—Arithmetic, Grammar, Spelling, Reading, Geography, History and Writing—and as the school advances additional advantages will be afforded. Book-Keeping, Civil Government and a work on Pedagogics have been added to the course of study.

The school closed its fourth annual session, May 31, 1895. The session was the most successful one in the history of the school. The enrollment is the largest, with one exception, of the six State Normal Schools. Since its establishment there have been in attendance 269 different students, who represent 20 counties. A potent and beneficial influence is being exerted by the Normal in this part of the State. Many of the students teach school in their own counties and in others to get money to support themselves in school. When they cannot secure schools, they do other work in order that they may prepare themselves efficiently for their life work—teaching the youth of the race.

LOCATION.

The school is located at Elizabeth City, Pasquotank County, North Carolina. The town is very quiet, healthful and progressive along educational and business lines. In the near future, an eighty-thousand dollar Cotton Factory will be in operation in this town. Elizabeth City is the metropolis of the First Judicial District, having a population of more than six thousand. The accessibility of the town by Railroad and Steamboats, and the friendly relation that exists between the white people and the colored, make it a very desirable location for a school of its kind.

THE BUILDING

In which the Normal School is taught is called the "Old Normal School Building." The property belongs to the people of Elizabeth City.

TUITION.

Tuition is free to all applicants who are admitted as students. The State pays the tuition for all who attend the school.

BOARD AND OTHER EXPENSES.

There are excellent private families here with whom Normal School Students can obtain board, including furnished room, fuel and lights,

also young men's laundrying, at very reasonable rates, ranging from $6.00 to $7.00 per calendar month. Young ladies may do their own laundrying. There are also families who provide for students that prefer to club and furnish their own provisions. As a rule, I do not recommend this plan, but where parents have their produce, and money is scarce, no objection will be offered, Board must be paid promptly at the end of each month, unless satisfactory arrangement is made with the Landlord and the Principal for a few days of "grace." No student will be admitted, unless he or she boards in a RESPECTABLE FAMILY. There has been no trouble where the Principal was consulted before students entered school. Write to the Principal to secure a boarding place before you enter school. All students will be under the general supervision of the Principal, who will be assisted by the teachers in order that the students may lead to conduct themselves as ladies and gentlemen at all times.

In case, students have all their books to buy, they will not cost more than from $3 to $5 per session, including stationery.

HOW TO SEND MONEY.

All money to pay students' board and other expenses, should be sent by Registered letter, or Check, to the Principal, or in care of State Normal School. We have tested Money Orders and found them unsafe.

REQUIREMENTS FOR ADMISSION.

ALL APPLICANTS must furnish satisfactory evidence of good moral character by presenting a recommendation, or otherwise, and consent to be governed by the Rules and Regulations of the School.

It should be noted that the Preparatory Class is the lowest, and in order to be admitted to it, applicants must comply with the following requirements :

1. Be fifteen years old. There may be a slight deviation from this requirement.
2. Be able to Write legibly.
3. Be able to Read sufficiently well to begin in Holmes' Fifth Reader.
4. Be able to do sums in Addition, Subtraction, Multiplication, Division and have some knowledge of common fractions.
5. Be able to name and define the Parts of Speech in English Grammar, and analyze simple sentences.
6. Be able to answer fairly well easy questions on Geography.

DISCIPLINE.

The Normal proposes to secure a discipline founded upon gentlemanly and ladylike behaviour. Students are treated as ladies and gentle-

men, and they will be taught by frequent "talks" and monthly lectures, to be moral and virtuous, courteous, honest and upright, to the end that they may make good citizens. It is simple justice to the students, as well as a pleasure to the teachers, for me to say that the majority of the students were faithful and loyal to whatever regulations we made for the best interests of the school. The *few* who were disloyal *at times*, were influenced to do so, from a selfish motive.

The general management of the School is vested in the Local Board of Managers and the Principal, the former being appointed by the State Board of Education. The united efforts of the Managers, the Instructors, the Students, and the patriotic Citizens of Elizabeth City will make this School a very valuable and useful institution.

PERSONS PURPOSING TO ENTER

MAY DO SO AT ANY TIME DURING THE SESSION. However, it is urged that students enter at the beginning of the session. And it is hoped that students will comply with this request as near as practicable. The Pprinciple will aid competent students in securing schools to teach in the various counties whenever his assistance is desired.

EXAMINATIONS.

At the end of each term there will be written and oral examinations, and oftener if necessary.

TEXT BOOKS, &C.

Text-books, stationery, and all kinds of school supplies can be purchased in Elizabeth City, at North Carolina and New York prices. Classes do not have to wait a week, or ten days for books.

OUR READING ROOM

Is frequently supplied with good current literature, consisting of newspapers, magazines and educational journals, both national and state, for the benefit of the students.

LYCEUM.

The Normal School Literary Society meets on Friday evenings of each week. The exercises consist chiefly of declamations, recitations, essays, debates and music. All the students are required to attend the Lyceum and participate in the exercises, unless they are excused by the Principal.

RELIGIOUS SERVICES.

All students are required to attend Divine worship on Sundays, and to attend the church of their persuasion, unless they obtain permission to do otherwise. This restriction is made for the good of the school and it will meet the general approval of parents and guardians. The following denominations are represented by church or churches :

Methodist, Baptist, Episcopalian, Presbyterian and Disciples.

The Sunday Schools are among the most progressive in the State. Many of the Students render valuable service as teachers in the Sunday Schools during the session.

DIPLOMAS

Will be granted to all worthy students who complete the prescribed course satisfactorily, and pass a creditable examination.

LETTERS, EXPRESS PACKAGES, &C.

To hasten the delivery of letters, packages, &., students are requested upon entering school to have their mail directed in care of the Principal, or the State Normal School.

TESTIMONIALS FROM LOCAL BOARD OF MANAGERS.

RESOLUTIONS.

At a meeting of the Local Board of Managers held May 31, 1893, the following preamble and resolutions were unanimously adopted :

Whereas, the general management and Closing Exercises of the State Colored Normal School of this place were so meritorious in every respect, and evidenced the skill of Prof. P. W. Moore as a successful teacher; therefore, be it Resolved : 1st. That we, the Local Board of Managers, take this means of expressing our entire confidence in Prof. P. W. Moore as a teacher eminently qualified for the important trust we have placed in his hands.

2nd. That we believe this school to be an institution of superior merit and one destined to accomplish great good among the colored people of the Albemarle section.

SIGNED { WM. J. GRIFFIN, *President*.
S. L. SHEEP, *Secretary*.
F. F. COHOON, *Treasurer*.
E. F. LAMB.
J. W. ALBERTSON, JR. }

At a meeting of the Local Board of Managers held July 5, 1894, the following resolution was adopted :

RESOLVED, That we, the Local Board of Managers of the State Colored Normal School of this place, are fully confirmed in our opinion as set forth in the resolutions of May 31, 1893, and fully endorse the same after seeing the greater success of the School during the past scholastic year.

S. L. SHEEP, Secretary.

TEACHERS FOR 1906-'07:

P. W. Moore, *Principal.*

John T. Doles,
Emanuel W. Houstoun,
Helen A. Johnson,
Sara H. Edwards,
Bessie E. George,
Mamye E. Lane.

STATE BOARD OF EDUCATION.

J. Y. Joyner, Superintendent Public Instruction, Secretary.
R. B. Glenn, Governor, President.
F. D. Winston, Lieutenant-Governor.
J. Bryan Grimes, Secretary of State.
B. R. Lacy, Treasurer.
R. D. Gilmer, Attorney-General.
B. F. Dixon, Auditor.

Superintendent of Colored Normals,
John Duckett.

By authority of laws enacted by the Legislatures of 1903, 1905, and 1907, the general control and management of the State Colored Normal Schools is vested in the above board and superintendent.

GENERAL INFORMATION.

TUITION.

Tuition in all the normal schools is free to those who intend to teach in the colored public schools of North Carolina. Those who do not intend to teach must pay $1.00 per month tuition. These schools are maintained for the purpose of training teachers for the elementary public schools. It is only just and right that those who take advantage of these schools, and who do not intend to teach, shall pay the tuition charges.

PURPOSE.

The Colored State Normal Schools at Winston-Salem, Fayetteville and Elizabeth City are maintained by the State for the purpose of training teachers for the colored elementary public schools of North Carolina. The school at Winston-Salem was established in 1895; the school at Elizabeth City in 1891, and the school at Fayetteville in 1877.

REGULATIONS.

The following general regulations apply to all the normal schools:

1. Pupils of both sexes are to be admitted, but all boarding pupils must consult the local principal before making any arrangements for boarding outside the school dormitories.

2. *Only pupils of good moral character will be admitted or retained in the schools.*

3. *No pupil will be admitted to any of the schools after the opening week, except upon examination, which examination will cover the previous work of the class to which admission is sought.* All such examinations and their result must be approved by the superintendent.

4. No pupil will be advanced to a higher class except upon the satisfactory completion of the work of the preceding class. All tests and examination questions shall be first approved by the superintendent, and no promotion to a higher class shall be valid except approved by the superintendent.

5. The school year shall consist of eight months of twenty school days each. No holidays except Thanksgiving Day, Christmas Day and New Year's Day shall be given. A Christmas recess not exceeding ten days may be given, but such recess shall not be included in the school year of 160 days.

6. *Three unexcused absences or tardies during the year shall cause any pupil to be suspended from school for the remainder of the year.* No principal should accept any excuse for tardiness or absence except the serious sickness of the pupil or his immediate family.

7. No substitute teacher shall be employed, except upon the approval of the superintendent, and no student shall be permitted to teach any normal class.

8. All students who receive free tuition shall sign a pledge to teach two years in the colored public schools of the State.

9. The satisfactory completion of the work of the fourth grade of the elementary school as set forth in the State Course of Study will be required for entrance on the work of the normal course of study.

BEGINNING OF SESSION 1907-'08.

The session of 1907-'08 will begin at Fayetteville, September 16, 1907; at Elizabeth City, September 16, 1907, and at Winston-Salem, September 30, 1907.

COURSES OF STUDY.

The following courses of study are offered in all the normal schools, subject to present limitations as to equipment. The normal school begins with fifth-grade work, the high school with ninth-grade work, and the primary school with first-grade work.

NORMAL ELEMENTARY COURSE.

FIRST YEAR.

1. READING:

a. Phonics (spelling, writing, diacritical marks): Foust & Griffin N. C. Spelling Book, pp. 1-100, including the words found in the reading and other subjects of study.

b. Longfellow's Song of Hiawatha, Francillon's Gods and Heroes, Ruskin's King of the Golden River, Hawthorne's The Great Stone Face.

2. LANGUAGE:

a. The Story (oral and written).

b. Copying and dictation by sentences and paragraphs. The copying and dictation must not take the sentence out of its place in the paragraph. The relation of sentence and paragraph must be retained in all the work. Use the readers as the basis of the work.

c. Hyde's Lessons I, for formal work, omitting all composition and picture lessons.

3. DRAWING AND WRITING:

a. Use Webb and Ware's Practical Drawing Course. The pupils are not simply to draw lines, but learn to draw real things, using lines.

b. Book 2 should be taken up after Book 1 has been completed.

4. ARITHMETIC:

a. Review notation and numeration; formal addition, subtraction, multiplication, and division of whole numbers and fractions, and take up:

b. Decimals, compound quantities and percentage, using Colaw and Duke's Intermediate, pp. 1-192. Teachers should own Werner Arithmetic 2.

5. HISTORY:

a. Study White's Beginner's History of United States.

b. Study—Colonies. The teacher will take up the study of the Colonies after plan of Guerber's Story of the Thirteen Colonies.

6. Geography:

a. Home Geography. Teachers will follow plan of Tarr and McMurry's Geography 1.

b. Pupils must study the life histories of a number of common plants and animals by means of the school garden.

c. Use Maury's Elementary Geography to give pupils an idea of the world as a whole. Teachers should own Tarr and McMurry's Geography 1.

7. Science:

Agriculture, Cooking, Sewing.

SECOND YEAR.

1. Reading:

a. Phonics (spelling, writing): N. C. Spelling Book, pp. 100 to end, words from other subjects.

b. Clarke's Story of Troy, Guerber's Story of the Greeks, Warren's Stories from English History.

2. Language:

a. Story (oral and written); copying and dictation.

b. Study Smith's Our Language.

3. Drawing and Vocal Music:

a. See first year.

b. Use Book 3 after 1 and 2 have been completed.

4. Arithmetic:

Take up no new subjects. Use Colaw and Ellwood's Advanced Arithmetic to strengthen and extend work already done. Pages 1-177.

5. History:

a. Study Hill's History of North Carolina.

b. Read Connor's Story of The Old North State.

Teachers should own Fiske's War for Independence.

6. Geography:

Study North America, using plan of Tarr and McMurry's Geography 2; Maury's Complete to end of North America, with North Carolina Geography.

7. Science:

Elementary Agriculture, Physiology, Cooking, Sewing.

THIRD YEAR.

1. Reading:

a. Phonics (spelling and writing); and review words from other subjects.

b. Poems of Knightly Adventure, Irving's Knickerbocker Stories, Guerber's Story of the Romans; Selection, Whittier, Holmes.

2. Language:

a. The Story (oral and written); copying and dictation.

b. Buehler's English Grammar begun; study Parts 2 and 3, and then Part 1.

3. Drawing and Vocal Music:

a. See first year.

b. Use Book 4 after 1, 2 and 3 have been completed.

4. Arithmetic:

See second-year work. Complete Colaw and Ellwood's Advanced, from page 178.

5. Geography:

Study Europe and the other continents after plan of Tarr and McMurry's Geography 3; Maury's Complete from end of North America to end of book.

6. History:

a. Read Hansell's Higher, from Revolution to end of book.

b. The Nation: Use biographies of Jefferson, Boone, Fulton, Whitney, Morse, Lincoln, Lee.

7. Science:

Agriculture, Cooking and Sewing, Physiology.

FOURTH YEAR.

1. Reading:

a. Phonics and complete review of spelling, with instruction how to teach children to read, spell and write. Use Hunt's Spelling, Part 2.

b. Holbrook's Hiawatha Primer, Claxton's Grimm's Fairy Stories, Baldwin's Fairy Stories and Fables, McMurry's Robinson Crusoe, Moulton's Bible Stories, Cook's Story of Ulysses, Pratt's Legends of the Red Children.

The object of reading the above books here is to make students thoroughly familiar with their contents and with the methods of teaching and using the books in the primary grades 1-4.

2. Language:

a. Buehler's English Grammar completed.

b. Oral and written language work, based on the reading of this year, with methods of teaching language grades 1-4.

3. Drawing:

a. Book 5, Normal Drawing.

b. Review of Books 1-4, and instruction in how to teach drawing, grades 1-4.

4. Arithmetic:

a. Use Moore and Miner's Practical Business Arithmetic.

b. Review of the subjects of notation and numeration; addition, subtraction, multiplication and division of whole numbers and fractions; simple decimals, simple compound quantities, simple percentage, and how to teach these subjects.

5. History:

a. Read Barnes' General History.

b. North Carolina History and review of the subject of history as contained in this course.

6. Peele's Civil Government.

7. Geography:

a. Tarr and McMurry's Complete.

b. Geography, grades 1-4, and how to teach it.

8. Science:

Agriculture, Cooking and Sewing, Physiology, Culler's Third Book, Pedagogics. Roark.

OUTLINE OF NORMAL HIGH SCHOOL COURSE.

First Year— I. English—

a. Literature (reading), 3.
b. Grammar and composition, 2.
c. Spelling and phonetics, 2.

II. Mathematics—

a. Arithmetic, 2.
b. Algebra, 3.

III. General History, 3.

IV. Physiology, 2.

V. Physical Geography, 3.

VI. Drawing, 2.

VII. Agriculture, 3.

VIII. Domestic Science, 2.

The Arabic figures mean the number of recitations a week. The recitation periods for agriculture and domestic science are to be each 60 minutes in length; for the other subjects, 45 minutes each.

Second Year—I. English—

a. Literature (reading), 3.
b. Grammar.
c. Composition, 2.

II. Mathematics—Algebra, 3.

III. General History, 3.

IV. Botany, 4.

V. Chemistry, 3.

VI. Agriculture, 2.

VII. Domestic Science, 3.

The recitation periods for agriculture and domestic science are to be 60 minutes for each; for the other subjects, 45 minutes each.

Third Year— I. English—

a. Literature (reading), 3.

b. Rhetoric, 3 (by George E. Meekley).

c. Spelling, etc., 3.

II. Mathematics—Geometry, 3.

III. English History, 3.

IV. Ethics.

V. Advanced Agriculture or Physics, 3.

VI. Domestic Science, 2.

VII. Teaching (theory and practice), 5.

The recitation periods for agriculture and domestic science are to be 60 minutes each; for the other subjects, 45 minutes each.

Fourth Year—I. English—

a. Literature (reading), 3.

b. Rhetoric and Composition, 2.

c. Spelling, etc., 2.

II. Mathematics—

a. Geometry, 2.

b. Typewriting or Book-keeping.

III. History—

a. United States History, 3.

b. Civics, 2.

IV. Drawing, 2.

V. Advanced Agriculture, 3.

VI. Domestic Science, 2.

VII. Teaching (theory and practice), 3.

The recitation periods for agriculture and domestic science are to be 60 minutes each; for the other subjects, 45 minutes each.

PRIMARY SCHOOL COURSE.

It is sometimes necessary, on account of the poor preparation of those who apply for entrance to the classes of the normal schools, to have a good primary school in connection with each normal. It is also necessary to have such a school in which candidates for graduation from the normal schools can be required to teach successfully prior to graduation. This course consists of the first four years of outline course of study for the public schools.

SOCIETIES.

Prayer-meeting.—The Wednesday after-school prayer-meeting is so conducted that it is a source of religious and spiritual help to the life of the students and teachers. The meeting is regularly conducted by Rev. J. T. Doles. Occasionally the colored and the white ministers of the city lead the meeting and deliver addresses.

Christian Associations.—The Young Men's and Women's Christian Associations are greatly instrumental in toning up and deepening the moral and religious life and activity of the student-body.

Lyceum.—The Lyceum is a literary society officered by the students but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. This society meets weekly and renders an occasional public program.

OTHER INFORMATION.

The expenses for board and washing per calendar month are $7 for young men and $6 for young women. Young women who come as self-boarding students will be required to pay for room rent and fuel only $1.75 per calendar month. Bring towels, combs and brushes for individual use. Every student must use a tooth-brush.

Students must make good all damage done to furniture or buildings resulting from carelessness.

Any other information not contained in this catalogue the Principal will be glad to give. Address P. W. Moore, Principal, State Normal School, Elizabeth City, North Carolina.

PAID CONTRIBUTIONS TO BUILDING FUND 1906-'07.

The following amounts have been paid by the Principal to Mr. J. B. Leigh, Treasurer, from May, 1906, to May, 1907, for the purpose of buying a site and erecting a building for the Colored Normal School of Elizabeth City:

CONTRIBUTIONS AND CONTRIBUTORS.

ELIZABETH CITY—James Overton, $1; Luke Gregory, $2; Mrs. F. O. Butler, $5; Gaither McDonald, $0.50; Mr. Queen, $1; M. D. Spellman, $0.25; William Pool, $1; E. L. Brothers, $2; Mr. Brickhouse, $0.25; Washington Perry, $0.15; Jordan Pool, $0.10; Mrs. Jordan Pool, $0.10; Mrs. Elizabeth Long, $1; T. J. Rayner, $0.50; Alfred Bowe, $0.25; Jessie Duers, $0.25; Rev. McCleese, $0.10; Miss B. E. George, $0.15; Miss S. H. Edwards, $0.15; James E. Brown, $5.00; C. W. Brown, $2.50; Rev. J. S. Cooper, $0.50; Mrs. A. E. Jones, $1.00; Mrs. Jennie Overton, $0.35; Mrs. Robert Bowe, $0.20; Mrs. Pattie Morris, $0.28; Mrs. Brickhouse, $0.28; Mrs. Hollins, $0.28; Miss J. E. Newby, $1.00; Hugh Cale, $0.10; Mrs. Alice I. Johnson, $1.00; Miss L. I. Onerton, $1.00; Dr. G. W. Cardwell, $5.00; State Normal School Alumni Association, $5.00; Mrs. Ida A. Brown, $1.00; State Normal School, $155.29.

PENNSYLVANIA—F. Broom, Belfield, $10; Hall-Mack Company, $25.75; Pearl Reid, $0.10; Edwin P. Sellew, $32; Alfred H. Love, $5.

MASSACHUSETTS—William I. Bowditch, $25.

WILLIAMSTON—Miss L. C. Griffin, $1.

SCOTLAND NECK—Miss Maria Dickens, $2.

BELHAVEN—Luther Lacy, $2.50.

WINDSOR—David Jenkins, $2; Mr. Smithwick, $1; R. B. Speller, $1; C. H. V. Grandy, $1.

COLERAIN—David Cherry, $1.15; Miss S. C. Cherry, $3.

GATES—Miss E. O. Piland, $1.

BELCROSS—C. M. Walker, $2.

BONNEY, VA.—Miss Sallie Williams, $1.

KINSTON—Miss B. E. Borden, $1.

PLEASANT HILL—J. N. Blunt, $1.

JACKSON—Miss Annie R. Peebles, $1; Miss Madie Stephenson, $1.

OKISKO—Miss E. L. Williams, $3.50.

NEW BERN—N. H. Styron, $1.

AURORA—P. W. Jordan, $1.

WEEKSVILLE—W. H. Dance, $5.42.

JACKSON—Miss Mamie Kee, $1.

POWELLSVILLE—Miss P. J. Sessoms, $0.50.

HERTFORD—Rev. George D. Griffin, $5.
EDENTON—Rev. C. M. Cartwright, $0.25.
WOODVILLE—M. C. Collins, $5.
HAMILTON—Miss J. M. Reeves, $3.
CHAPANOKE—J. W. Barcliff, $0.25.
HENRICO—Solomon Vincient, $1.
UNION, N. J.—President E. C. Cooper, $5.
MARMADUKE—Mrs. Elizabeth Cheek, $1.
STOKES—George R. Whitfield, $5.
HARRELLSVILLE—Miss L. L. Sharp, $5; Miss P. G. Sharp, $5.
WEEKSVILLE—Mrs. Georgianna Shannon, $0.25.

SUMMARY OF PAID CONTRIBUTIONS TO MAY, 1907.

By people of Elizabeth City	$ 201.61
By people of North Carolina outside of Elizabeth City	55.42
By people outside of North Carolina	113.75
Total	$ 370.78

RECORD OF PUPILS 1906-'07.

OCCUPATION OF PARENTS.

	Boys.	Girls.	Total.
Total number of pupils	61	252	313
Pupils whose parents are farmers	21	105	126
Pupils whose parents are preachers	6	9	15
Pupils whose parents are merchants	1	6	7
Pupils whose parents are butchers	1	----------	1
Pupils whose parents are carpenters	2	11	13

Normal Elementary—Fourth Year	37
Third Year	60
Second Year	58
First Year	88
Practice School	57
Total	313
Counties represented	20

PRACTICE SCHOOL.

School Year, September 17, 1906, to May 3, 1907.

FOURTH GRADE.

Butt, Haywood M. ..... Elizabeth City, N. C.
Ford, Viola ..... Elizabeth City, N. C.
Fields, Lovey J. ..... Elizabeth City, N. C.
Killebrew, Robert S. ..... Tarboro, N. C.
Maloy, Ethel D. ..... Elizabeth City, N. C.
Munden, Nellie B. ..... Elizabeth City, N. C.
Overton, Minnie E. ..... Elizabeth City, N. C.
Snowden, Helen G. ..... Elizabeth City, N. C.

THIRD GRADE.

Barnes, Lucile ..... Elizabeth City, N. C.
Cooper, Bertha ..... Bertie, N. C.
Collins, Florean ..... Elizabeth City, N. C.
Leigh, Lulu M. ..... Elizabeth City, N. C.
Leigh, Fannie V. ..... Elizabeth City, N. C.
Pool, Maud L. ..... Elizabeth City, N. C.
Perry, Claudie J. ..... Elizabeth City, N. C.
Pool, Prudy ..... Elizabeth City, N. C.
Spellman, Esther V. ..... Elizabeth City, N. C.
Wilson, Lina B. ..... Elizabeth City, N. C.
White, Irving E. ..... Elizabeth City, N. C.
Warren, Bertha ..... Elizabeth City, N. C.

SECOND GRADE.

Brothers, Charles S. F. ..... Elizabeth City, N. C.
Bryant, Dentral ..... Elizabeth City, N. C.
Davis, Lessie ..... Elizabeth City, N. C.
Fields, Estelle ..... Elizabeth City, N. C.
Harris, Susie ..... Elizabeth City, N. C.
Holley, Talmage ..... Elizabeth City, N. C.
Hoggard, Lilla M. ..... Elizabeth City, N. C.
Jones, James ..... Elizabeth City, N. C.
Leigh, Frank ..... Norfolk, Va.
Loach, Emma ..... Elizabeth City, N. C.
Mullan, Ella ..... Elizabeth City, N. C.
Mann, Martin ..... Elizabeth City, N. C.
Martin, James ..... Elizabeth City, N. C.

Moore, Bessie ..... Elizabeth City, N. C.
Overton, Helen B. ..... Elizabeth City, N. C.
Small, Clarence ..... Elizabeth City, N. C.
Stark, James ..... Elizabeth City, N. C.

FIRST GRADE.

Bailey, Alice ..... Elizabeth City, N. C.
Bembury, Goldie ..... Elizabeth City, N. C.
Dempsey, Joseph ..... Elizabeth City, N. C.
Harris, Pearl ..... Elizabeth City, N. C.
Harris, Fred M. ..... Elizabeth City, N. C.
Houghton, Lethia ..... Elizabeth City, N. C.
Holloman, Essie ..... Elizabeth City, N. C.
Lane, Ethel V. ..... Elizabeth City, N. C.
Lane, Edgar Grant ..... Elizabeth City, N. C.
Long, Irene ..... Elizabeth City, N. C.
Morgan, William ..... Elizabeth City, N. C.
Martin, Sarah ..... Elizabeth City, N. C.
Mullan, Harrell ..... Elizabeth City, N. C.
Overton, Gertrude ..... Elizabeth City, N. C.
Perkins, Laura ..... Elizabeth City, N. C.
Page, Sion ..... Elizabeth City, N. C.
Pailen, George ..... Elizabeth City, N. C.
Riddick, Essie ..... Elizabeth City, N. C.
Warren, Mary ..... Elizabeth City, N. C.

GENERAL INFORMATION

Tuition

Tuition in all the normal schools is free to those who intend to teach in the colored public schools of North Carolina. Those who do not intend to teach must pay $1 per month tuition. These schools are maintained for the purpose of training teachers for the elementary public schools. It is only just and right that those who take advantage of these schools, and who do not intend to teach, shall pay the tuition charge.

Diploma fee for Normal School graduates, $1.50.

Certificate, D. S. Department, *free.*

Purpose

The Colored State Normal Schools at Winston-Salem, Fayetteville, and Elizabeth City are maintained by the State for the purpose of training teachers for tthe colored elementary public schools of North Carolina. The school at Winston-Salem was established in 1895; the school at Elizabeth City in 1891, and the school at Fayetteville in 1877.

Important Regulations

The following general regulations apply to all the normal schools:

1. Pupils of both sexes are to be admitted, but all boarding pupils must consult the Principal before making any arrangements for boarding outside the school dormitories.

2. *Only pupils of good moral character will be admitted or retained in the schools.*

3. *No pupil will be admitted to any of the schools after the opening week, except upon examination, which examination will cover the previous work of the class to which admission is sought.* All such examinations given by the Principal.

4. No pupil will be advanced to a higher class except upon the satisfactory completion of the work of the preceding class. All tests and examination questions shall be first approved by the Principal, and no promotion to a higher class shall be valid except approved by the Principal.

5. The school year shall consist of eight months of twenty school days each. No holidays except Thanksgiving Day, Washington's Birthday, Christmas, and New Years Day shall be given. A Christmas recess not exceeding ten days may be given, but such recess shall not be included in the school year of 160 days.

6. *Five unexcused absences during the year may cause any pupil to be suspended from school for the remainder of the year.* No Principal should accept any excuse for tardiness or absence except the serious sickness of the pupil or his immediate family.

7. No substitute teacher shall be employed, except upon the approval of the Principal, and no student shall be permitted to teach any normal class without the Principal's approval.

8. All students who receive free tuition shall sign a pledge to teach two years in the colored public schools of the State.

9. The satisfactory completion of the work of the fourth grade of the Practice School, as set forth in the State Course of Study, will be required for entrance on the work of the preparatory course of study.

10. Upon the satisfactory completion of the normal course, graduates will receive a diploma.

11. Any student may be suspended for the remainder of the session who contracts with any person to pursue a course of study outside the school without the approval of the management of the institution.

12. It shall be a violation of the rules and regulations of the institution for any student to contract a debt with any instructor or other person, except a member of the student's family, without the approval of the Principal.

13. Young women will not be allowed to visit during the session without permission, nor to remain in town after school closes. No person who is unwilling to comply with the rules and regulations of the school should apply for admission.

14. Certificates of graduation will be given to pupils who complete the course of study in the Domestic Science and Domestic Art Department.

15. *Examinations.*—Regular examinations are held at the end of each term and at such other times as the faculty may choose. The required passing grade is 70 in arithmetic, grammar, spelling, American history, geography, and physiology. In the remaining subjects 65 per cent is the passing grade. The passing grade is determined by averaging the daily and examination grades.

16. *Third Year* normal students will be required to pass the Superintendent's examination before they will be admitted to the Fourth Year normal class. A second opportunity will be offered on the opening day of the next session for those who may fail the first time.

Courses of Study

The Course of Study has been raised and will go into effect July 1, 1912. The former preparatory class has been added to the Practice School Department as the Fifth Grade. The First Year Normal Class becomes the regular Preparatory Department. A number of Fifth Grade pupils will be applicants for preparatory work. Therefore the

preparatory teacher may have both grades of students in her room. With the necessary changes in text-books, the Second Year Normal Course of study becomes the First Year; the Third Year, the Second Year; the Fourth Year, the Third Year; and the Academic Course, or its equivalent, becomes the Fourth Year Course of Study. This gives a very excellent curriculum. Later we will add a higher Academic Department.

This change in the Course of Study makes it quite possible for the institution to send out graduates who will be far better qualified to teach in the public schools of the State than ever before. Former students should especially note the change and accept it with great delight.

PREPARATORY DEPARTMENT

Course of Study

This course will contain such subjects as are generally included under Sixth Grade work. All students to enter the normal course of study must pass a satisfactory examination in all the branches of the preparatory course, or their equivalent. Students should not apply for promotion until the preparatory course has beeen completed.

1. Reading:

a. Phonics (spelling, writing, diacritical marks); Reed's Word Lessons. Teach also words found in the reading lessons.

b. Selections from Riverside Literature for Seventh Grade.

2. Language:

a. The Story (oral and written).

b. Copying and dictation by sentences and paragraphs. The copying and dictation must not take the sentences out of its place in the paragraph. The relation of sentences and paragraph must be retained in all the work. Use the readers as the basis of the work. Teach letter-writing.

c. Hyde's Lessons I, for formal work. Select with care the composition work outlined in the book.

d. Review pp. 70-158. Begin advance work p. 159 and complete the book by end of session.

3. Drawing and Writing:

a. Use Progressive Drawing, II and III. The pupils are not simply to draw lines, but learn to draw real things, using lines. Book I should be taken up by beginners.

b. Berry's Writing Books, IV and V.

4. Arithmetic:

a. Review formal addition, subtraction, multiplication and division of whole numbers. Then take up:

b. Common fractions, decimals, compound quantities and percentage, using Milne's Progressive Arithmetic, II.

5. History:

Hill's North Carolina History.

6. Geography:

Dodge's Comparative. Teachers read Tarr and McMurry's Book II.

7. Science:

Ritchie's Primer of Sanitation.

NORMAL DEPARTMENT

Course of Study

FIRST YEAR NORMAL.

1. READING:
   a. Phonics (spelling, writing); Reed's Word Lessons.
   b. Selections from Riverside Literature for Seventh Grade, completed.

2. LANGUAGE:
   a. Story (oral and written); copying and dictation; letter-writing.
   b. Grammar: Reed & Kellogg's Higher Lessons in English.

3. ARITHMETIC:
   Review formally the fundamental operations. Use Milne's Progressive Arithmetic, third book. First term, pp. 103-183; second term, 183-247.

4. HISTORY:
   a. Our Republic. First term, pp. 1-175; second term, 175 to end.
   b. Prominent Biographers; story (oral and written), completed.

5. GEOGRAPHY:
   Dodge's Comparative, completed.

6. VOCAL MUSIC:
   Aiken's Music Course.

7. DRAWING AND WRITING:
   a. Progressive Drawing, III and IV.
   b. Berry's Writing Books, VI and VII.

8. CIVIL GOVERNMENT:
   Peele's Civil Government, completed.

9. SCIENCE:
   a. Cooking and Sewing, Theory and Practice.
   b. Ritchie's Human Physiology, completed.

SECOND YEAR NORMAL.

1. ENGLISH:
   a. Literature: Selections from Riverside Literature for Eighth Grade, completed in five months; Review of Stories for Supplementary Reading in Primary Grades (see course of study for rural schools).
   b. Grammar: Reed and Kellogg's Higher Lessons in English, completed.
   c. Oral and written reproduction of stories, copying, dictation, composition.
   d. Spelling: Reed's Word Lessons. Teach phonics.

2. Arithmetic:
Milne's Progressive (third book), completed.

3. Science:
a. Cooking and Sewing, Theory and Practice.
b. Physiology: Culler's Third Book, First Term.
c. Agriculture for Beginners: Hill, Burkett and Stevens, Second Term.

4. History:
Montgomery's Leading Facts in English History, completed.

5. Vocal Music:
Aiken's Music Course.

6. Progressive Drawing, V and VI, completed.
7. Berry's Writing, VII and VIII, completed.

THIRD YEAR NORMAL.

1. English:
a. Literature: Lady of the Lake, Courtship of Miles Standish, Tennyson's Idylls of the King.
b. High School English, Brubacher and Snyder, Book I.
c. Practical exercises in written English.
d. Spelling: Reed's Word Lessons.

2. Mathematics:
a. Milne's High School Algebra.
b. New Advanced Arithmetic: Cook and Cropsey, completed.

3. Science:
a. Domestic Science and Domestic Art, Theory and Practice.
b. Tarr's Physical Geography, completed.

4. History:
Myer's General History.

5. Latin:
Gunnison and Harley's First Year, completed.

6. Progressive Drawing, VII and VIII.

7. Vocal Music:
Aiken's Music Course.

8. Rhetoricals.

FOURTH YEAR NORMAL.

1. English:
a. Literature: Milton's Minor Poems, Shakespeare's Macbeth, Scott's Ivanhoe, George Eliot's Silas Marner.
b. Composition and Rhetoric: Thomas and Howe, completed.
c. Practical exercises in written English.

2. SCIENCE:
   a. Domestic Science and Domestic Art, Theory and Practice.
   b. Commercial Geography: Robinson (Rand, McNally & Co.).
   c. Dodd's Chemistry of the Household; or Culler's First Book in Physics (Lippincott Co.).
3. HISTORY:
   a. Myer's General History, completed.
   b. Review of United States: Hart's Essentials in American History.
4. LATIN:
   a. Review the work of the previous year.
   b. Cæsar's Commentaries, Books II, III, IV and I; Bennett's Cæsar and Bennett's Latin Grammar (Allyn and Bacon).
5. MATHEMATICS:
   a. Milne's High School Algebra, completed.
   b. Plane Geometry.
   c. Review of Arithmetic: Beaman and Smith's Higher Arithmetic.
   d. Bookkeeping.
6. PROGRESSIVE DRAWING (from natural objects).
7. VOCAL MUSIC:
   Aiken's Music Course.
8. RHETORICALS.

Pedagogical Course

THIRD YEAR NORMAL.

Text.—Colgrove's The Teacher and the School.

FOURTH YEAR NORMAL.

Texts.—*a.* Hamilton's The Recitation.
b. Phonics in Reading and How to Teach Reading.
c. Barrett's Practical Pedagogy.
d. Checking the Waste.
e. O'Shea's Everyday Problems in Teaching.
f. Observation and Practice Teaching, grades 1-4.

PRACTICE SCHOOL DEPARTMENT

Observation and Practice Teaching

In the practice and observation work the presence of a critic teacher gives the practice teacher the benefit of helpful supervision and the opportunity of being helped on specific and general school work daily. Each practice teacher must prepare outlines of the subjects she teaches, which will set forth the method and purpose of her work. She will be aided by the critic teacher.

The time each graduate student spends in the Practice School is equivalent to one hour per day. At times the student-teacher is put in charge of the Practice School, in order that she may have practice in managing a whole school.

Course of Study

It is sometimes necessary, on account of the poor preparation of those who apply for entrance to the classes of the normal schools, to have a good primary school in connection with each normal. It is also necessary to have such a school in which candidates for graduation from the normal schools can be required to teach prior to graduation. Therefore all candidates for graduation will be required to teach in the Practice School.

FIRST GRADE.

I. Spelling:

1. First steps in phonics and writing, as contained in *How to Teach Reading* (see Part II). This work will require seven weeks.
2. A Spelling Book (Revised), taken up at the beginning of the eighth week.

II. Reading:

1. Graded Classics I, begun the eighth week.
2. Haliburton's Primer.
3. Claxton's Grimm's Fairy Stories. Teachers should read *How to Teach Reading.*

III. Language:

1. The oral reproduction of stories.
2. Copying and dictation of little words.
3. Other formal work—how to write the children's and their parents' names and post-office addresses, how to write the days of the week and the months of the year, how to write the seasons and the names of the books used in the classes; how to write the titles—Mr., Mrs., Miss, Rev., Dr.; and how to write a simple letter, in correct form, from dictation.

THE NEW ADMINISTRATION BUILDING.

For details, teachers are referred to *Suggestions for Language Teaching*, in Bulletin VIII.

IV. Drawing:

a. The children should be permitted to draw the objects they desire to draw.

b. Use Progressive Drawing I, beginning the tenth week with book.

V. History:

The *fairy story* and the *myth* are the child's first history stories. The first grade reading may, therefore, be considered the first work in history.

VI. Arithmetic:

1. Learning to count (oral).
2. Learning to read and write numbers, 1-100.
3. Teachers use Graded City Arithmetic and the Gilbert Arithmetic, Book I, and First Journeys in Numberland, as guides for First and Second Grades in number work.

VII. Physiology:

1. Care of the teeth and the eyes.
2. Care of the hair, nails, skin.
3. Food and clothing; fresh air and pure water.
4. Effects of cigarettes.

The work should be entirely oral. Teachers will find the above topics treated in Culler's Physiology I.

VIII. Geography:

1. First step—conception of the great world beyond:

a. Let the teacher read to the children the stories in Shaw's Little People and Big People of other Lands, and the following stories from Holbrook's Hiawatha Primer: The Milky Way, p. 40; The Firefly, p. 52; The Moon, p. 64; The Rainbow, p. 96; The Owl, p. 80; Hiawatha's Chickens, p. 88; Hiawatha's Brothers, p. 96; Hiawatha's Hunting, pp. 114, 120, 126; The Winds, pp. 127-132; Mondamin, pp. 132-134.

b. Teacher and children make a collection of pictures of the children of other lands to show how they live.

2. The second step—home geography:

a. Elementary ideas of direction, distance, form, color.

b. The weather chart.

For further details, teachers are referred to *Suggestions for Geography Teaching.*

IX. Agriculture:

The introductory work necessary to be done in Grades I-IV, before the book is taken up, is given somewhat in detail under *Suggestions for Teaching Agriculture.*

SECOND GRADE.

I. SPELLING:

1. Review the work indicated for First Grade.
2. A Spelling Book (Revised).

II. READING:

1. Graded Classics II.
2. McMurry's Robinson Crusoe, or Baldwin's Fifty Famous Stories.

For further suggestions, see *How to Teach Reading.*

III. LANGUAGE:

1. The oral reproduction of stories.
2. Copying and dictation.
3. Other formal work—review the work indicated under this heading for first grade and have the children practice writing simple letters of their own composition.

For details of the above work, teachers are referred to *Suggestions for Language Teaching.*

IV. DRAWING:

1. Let the children continue to draw the objects they are interested in. Let them try to illustrate some of the stories read to them during the year.
2. Use Progressive Drawing I.

V. HISTORY:

The work in history is embraced in the *reading* done during the year.

VI. ARITHMETIC:

1. Reading and writing numbers, 1-1,000.
2. The 36 addition facts.
3. Gilbert Arithmetic, Book I.

VII. PHYSIOLOGY:

See outline of the work for first grade.

VIII. GEOGRAPHY:

1. The first step—conception of the great beyond:

a. Teacher reads to the children Andrew's Seven Little Sisters.

b. Teacher and children make a collection of pictures of the children of other lands to show how they live.

2. The second step—home geography:

a. Elementary ideas of direction, distance, color, form.

b. Weather chart.

For further details see *Suggestions for Geography Teaching.*

IX. AGRICULTURE:

See *Suggestions for Teaching Agriculture.*

THIRD GRADE.

I. SPELLING:

1. Review the work indicated for First and Second Grades.
2. A Spelling Book.

II. Reading:

1. Classics Old and New III.
2. Cook's Story of Ulysses, or Heart of Oak Books III.

For further suggestions, see *How to Teach Reading.*

III. Language:

1. Oral and written reproduction of stories.
2. Copying and dictation; letter writing.
3. Other formal work—Hyde's Language Lessons I, pp. 1-70, to be *used by the teacher, but not in the hands of the children.*

For details, see *Suggestions for Language Teaching.*

IV. Drawing:

1. Let the children try to illustrate some of the stories read to them by the teacher during the year.
2. Use Progressive Drawing II or III.

V. History:

The work in history is embraced in the reading done during the year.

VI. Arithmetic:

1. Formal addition, subtraction, multiplication, and division.
2. Use Milne's Progressive Arithmetic I.

VII. Physiology:

See outline of the work for First Grade.

VIII. Geography:

1. First step—conception of the great world beyond:

a. Teacher reads to the children Little Lucy's Wonderful Globe.

b. Teacher and children locate on a large map or globe North America and the other continents, the oceans, the United States, North Carolina, some of the cities and countries of which they have heard, their own county, and the nearest-by towns.

2. Second step—home geography:

a. Elementary ideas of direction, distance, color, form.

b. Weather chart.

c. Local occupations, local land and water forms.

For further details see *Suggestions for Geography Teaching.*

IX. Agriculture:

See *Suggestions for Teaching Agriculture.*

X. Writing:

1. Begin writing with pen and ink.
2. Use Berry's Writing Book III.

FOURTH GRADE.

I. Spelling:

1. Review work indicated for First, Second, and Third Grades.
2. A Spelling Book (Revised).

II. Reading:

1. Fourth Language Reader.
2. Moulton's Bible Stories of the Old Testament.

For further suggestions, see *How to Teach Reading.*

III. Language:

1. Oral and written reproduction of stories.
2. Copying and dictation; letter writing.
3. Other formal work—Hyde's Language Lessons I, pp. 70-158, in hands of the children.

For details, see *Suggestions for Language Teaching.*

IV. Drawing:

1. Let the children try to illustrate some of the stories read to them during the year.
2. Use Progressive Drawing III and IV.

V. History:

1. White's Beginner's U. S. History, pp. 1-32; Pioneers and Explorers.
2. Shaw's Discoverers and Explorers, supplementary, to be read by the teacher to the children and the stories retold by the children.
3. Children read the remainder of White's History.

VI. Arithmetic:

1. Review previous work and teach common fractions.
2. Use Milne's Book I.

VII. Physiology:

See outline of the work for first grade.

VIII. Geography:

1. Home Geography: review work of previous grades. In addition, the teacher should read to the children pp. 1-93 Tarr and McMurry's Geography I, asking and requiring the answers to the questions at the end of each chapter.
2. Use as text Dodge's Primary Geography.

See *Suggestions for Teaching Geography.*

IX. Agriculture:

See *Suggestions for Teaching Agriculture.*

X. Writing:

Use Berry's Writing Book IV.

FIFTH GRADE.

This course of study contains such subjects as are generally included under Fifth Grade work. All students to enter the Preparatory Course of Study must pass a satisfactory examination in all the branches of study in this course, or *their equivalent.*

1. Reading:

a. Phonics (spelling, writing, diacritical marks); Reed's Word Lessons, including words found in the reader.

b. Longfellow's Song of Hiawatha and Francillon's Gods and Heroes. One of these readers should be completed each term.

2. Language:

a. The Story (oral and written).

b. Copying and dictation by sentences and paragraphs. The copying and dictation must not take the sentence out of its place in the paragraph. The relation of sentence and paragraph must be retained in all the work. Use the readers as the basis of the work. Teach letter writing.

c. Hyde's Lessons I, for formal work. Select with care the composition work outlined in the book.

d. Review pp. 70-158. Begin advance work, p. 159, and complete the book by end of session.

3. Drawing and Writing:

a. Use Progressive Drawing II and III. The pupils are not simply to draw lines, but learn to draw real things, using lines.

Book III should be taken up after Book II has been completed.

b. Berry's Writing Books III and IV.

4. Arithmetic:

a. Review notation and numeration; formal addition, subtraction, multiplication and division of whole numbers. Then take up:

b. Common fractions, decimals, compound quantities and percentage, using Milne's Progressive Arithmetic II.

5. History:

a. Study White's Beginner's History of United States.

b. Study Colonies. The teachers will take up the study of the Colonies after the plan of Guerber's Story of the Thirteen Colonies.

c. First Term, pp. 1-168; Second Term, p. 169 to end.

6. Geography:

a. Home Geography. Teachers will follow plan of Tarr and McMurry's Geography I.

b. Use Dodge's Primary Geography.

7. Science:

Ritchie-Caldwell Primer of Hygiene.

INDUSTRIAL DEPARTMENT

There is a greater awakening in favor of efficient manual service than ever before. Therefore a knowledge of the theory and practice of hand work is necessary for the young people who are going out into the world expecting success to crown their efforts.

Manual Training for Boys

Some form of manual training for the boys, such as shop work or agriculture, will be inaugurated as soon as possible. We can only hope to make a beginning on a small scale until money is available for this department. The theory of agriculture is taught in the Second Year Normal Class.

Domestic Science

There is no vocation in which young women may be more useful than in the profession of Domestic Science and Domestic Art. Those who qualify for this work are greatly in demand as teachers, cooks, seamstresses, and housekeepers. They may preside over their own homes as well as others with greater efficiency and dignity.

Each class receives instruction in making of a kitchen fire, in cleanliness, dish-washing, care of the kitchen, and serving. The instruction outlined above is given in conjunction with the preparation of meals and the specific cooking of:

FIRST YEAR.

The potato, eggs, cereals, vegetables, meats, fish, and breads; planning and serving meals; cleaning.

SECOND YEAR.

Batters, soups, pastry, meats, fish, salads, breads, warm-over dishes, cakes, and puddings; marketing; planning, cooking, and serving meals; cleaning.

THIRD AND FOURTH YEARS.

The Third and Fourth Year students use a text-book, Williams and Fisher's Elements of the Theory and Practice of Cooking. The Third Year class, pp. 1-143; the Fourth Year class will begin on page 144 and continue until the book is completed.

Domestic Science Class.

DOMESTIC ART DEPARTMENT

Course in Sewing

FIRST YEAR.

Basting, combination stitch, shirring, feather stitching, catch stitching.

Seams: French, French fell, flat fell, overcasting, overhanding, making of buttonholes and eyelets; sewing on buttons, hooks and eyes, darning and patching.

Aprons; short outing flannel petticoats are made in which all of the above work in stitches and seams is used excepting French fell.

SECOND YEAR.

Drafting, fitting and making of underwaists and petticoats, tucking, different methods of sewing on of insertion, lace and embroidery. (Models of each method are made.)

THIRD YEAR.

Review of second year's work when necessary.

Drafting, fitting, and making of night dresses and undergarments from measurements; simple dressmaking.

Cutting and making of men's shirts by pattern.

FOURTH YEAR.

Drafting, cutting, fitting. Some form of pattern making. Making select undergarments from measurements. Making unlined and lined dresses and sacques. Advanced work will be taken up when pupils are prepared for it; hand and machine work; dressmaking.

A certificate of graduation is awarded those who complete satisfactorily the course of study prescribed for the Domestic Science and Domestic Art Departments.

GENERAL EXPENSES AT THE STATE NORMAL

Since there is no profit at low rates in board, we can not afford to take risks. Therefore it is highly important that all bills be paid promptly. No exception should be expected.

Board, room rent, heat, light, and services of janitor (four weeks, twenty-eight days), for young women	$7.00
Board, room rent, heat, light, and laundering, for men (four weeks)	8.00
Incidental fee, per session, for all students including P. S. pupils	1.00
Instrumental Music (four weeks), four lessons	1.00

All students must purchase text-books. Please bring from $2 to $5 for that purpose. *Every student must pay $1 incidental fee the day she or he enters school.* Board must be paid in advance in order that we may have money with which to run the boarding department.

Practice School tuition will be 50 cents per month in advance. That is, when the child enters school he will be required to pay his tuition for the first month and 50 cents at the beginning of each month thereafter for the session.

Each young woman who rooms in the dormitory should bring three sheets, three pillow cases, blankets or quilts, towels, rubbers, parasol, warm wraps, and soap.

The lady teachers and all the girls who do not live in Elizabeth City will be expected to room and board in the GIRLS' DORMITORY.

Some of the girls will be given the opportunity to do some work, which will reduce their board bill each month.

Enter on first day.

The day on which each student enters school she will be expected to pay for the first month's board. At the close of four weeks thereafter board will be due again, and so on until the session closes.

The incidental fee must be paid the first day.

Prizes

The Meekins Prize, the gift of Hon. I. M. Meekins, will be awarded to that member of the Fourth Year graduating class who shall make the highest average in mathematics, English, and *conduct.*

The Melick Prize, the gift of the Messrs. P. W. Melick Company, will be awarded to that member of the Normal graduating class who shall excell in *cleanliness, neatness, attendance, and conduct.*

A sum of money sufficient to pay one month's board will be awarded to that young woman whose record at the end of the school year shall be highest in Domestic Science and *conduct.* This will be the S. N. S. Prize.

The Gilbert Prize, the gift of Mr. O. F. Gilbert, the proprietor of Mitchell's Department Store, the donor of $100 to the institution in 1905, will be awarded a member of the Normal graduating class for the best essay or oration on Commencement evening.

The Cardwell Prize, given by G. W. Cardwell, M.D., the proprietor of the Leonard Pharmacy, will be awarded to that member of the Normal graduating class who shall make the highest record in physiology, history, and conduct.

The Standard Drug Company Prize will be awarded a member of the graduating class on Commencement evening for excellence in essay on the "Elizabeth City State Normal School," or another subject.

The Mr. and Mrs. Steacy Prize will be given for the highest record in faithful *service* in the performance of all duties.

The Fowler & Company Prize, the gift of Messrs. Fowler & Company, will be awarded, by request of the company, to that young woman who shall prove to be the best helper to other girls during the session.

The Selig Prize, the gift of Mr. Louis Selig, the leading jeweler of this city, will be awarded to that member of the class who shall make the highest record in English and conduct.

The McMullan Prize, the gift of Dr. O. McMullan, the proprietor of the City Drug Store and a leading physician of the city, will be awarded to that young woman of the Domestic Science and Art Department who shall be considered the neatest and cleanest, and whose general average shall be considered best. Confined to the Fourth Year Normal class.

The M. Leigh Sheep Company Prize, the gift of Mr. M. Leigh Sheep, the major owner of the firm, will be awarded to the young woman who makes the second highest record in Domestic Science and Art as a member of the Third Year class.

The M. D. Spellman Prize will be awarded to that Third Year Normal student who shall make the highest average in grammar, arithmetic, and deportment.

The H. Lavenstein Prize, the gift of the proprietor of the Lavenstein Department Store, will be awarded to that young man who shall write the best paper on "The Evil Effects of Intemperance."

Prizes Awarded, 1913

The following is the order in which the prizes were awarded:

The Meekins Medal—Miss M. I. Wright.

Melick Prizes—Mr. Claud W. Wilder and Miss Clara W. Cherry.

Gilbert Prize—Miss Laura Hammonds.

Cardwell Prize—Mr. Edmund Jacobs.

Standard Drug Company Prize—Mr. G. W. Speller.

Selig Prize—Mr. J. A. Foreman.

McMullan Prize—Miss Sarah J. McRhea.
M. Leigh Sheep Company Prize—Miss Eva Jordan.
Lavenstein Prize—Miss Lillie McMurren.
M. D. Spellman Prize—Mr. B. H. Green.

General Information

The Opening Exercises.—The opening exercises take place in the chapel each school day from 9:00 a. m. to 9:20. The exercises consist of singing, Scripture reading, and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are made at the opening period. The Faculty as well as the students attend these exercises, in which all find pleasure and profit. No student should ever be absent from an opening exercise.

Prayer Meeting.—On Wednesdays, after school, the students and Faculty devote a short time to a well-conducted prayer meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings of the school. All students are required to attend and are encouraged to take part in the meeting. This meeting brings us all on a level.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon. Every student is expected to be a member of these associations and to be in regular attendance upon them at proper times.

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

Regulations

Students must be decent, respectable, orderly, and well behaved at all times.

Students must make good all damage done to furniture or buildings resulting from carelessness.

In order to promote Christian character as well as good scholarship in an institution, students must conform strictly to habits of truthfulness and honesty in purpose, action and work.

All profanity, playing cards or billiards, hanging on the corners of streets or in public places, or associating with persons who do those things, and everything of an immoral tendency, are strictly forbidden.

Academic Class 1910.

[illegible] The
[illegible] Pay 8

[illegible]

No student will be allowed to remain in school who keeps or uses firearms while he is attending school. Let them remain at your homes.

Cleanliness of rooms, and particularly of clothing and person, proper attention to order and system in and out of school, and faithfulness to duty, are required of all students.

Regular and prompt attendance upon all meetings and to all duties of the institution is required of every student of the institution.

All students are required to attend chapel exercises, prayer meeting, Sunday School, Young Men's and Young Women's Christian Associations, and preaching at 11 a. m. each Sabbath, or at other times when so directed.

Students should have all their mail, express packages, and freight addressed to the State Normal School, Elizabeth City, North Carolina.

All persons desiring information respecting the institution should address their letters of inquiry to

P. W. Moore, *Principal,*
State Normal School, Elizabeth City, N. C.

Financial letters should be addressed to

Prof. S. L. Sheep, *Treasurer,*
Elizabeth City, N. C.

Or, Prof. E. E. Sams, *Supt. State Normal Schools,*
Raleigh, N. C.

SOME URGENT NEEDS OF THE INSTITUTION

During the past years of the school we have helped ourselves financially. This has encouraged our friends to help us. On our new school site we have erected two magnificent buildings which can not be used until they are equipped with necessary furniture. The girls' dormitory must be supplied with bedsteads, mattresses, chairs, tables, and such other things as are essential to comfort. A dormitory for boys will be erected as soon as money is available. It will cost between $8,000 and $10,000. We desire that friends of education send us $1 or more for the benefit of the two dormitories. Please send all contributions to the Principal.

I am profoundly grateful to our friends for the following contributions for the benefit of the institution:

Elizabeth City—Rev. N. D. King, $1.25; Mr. A. J. Harris, $1; Rev. J. T. Kerr, $; Rev. Z. B. Wynn, 25 cents; Mr. White, 25 cents; Mr. B. F. Hill, 25 cents; Mr. Thomas, 25 cents; Mr. Cornelius McMurren, 50 cents; Mr. S. W. Hill, 50 cents; Mr. George White, 50 cents; Mr. J. T. Kerr, $1; Rev. Z. B. Wynn, 25 cents; Mr. White, 25 cents; Mr. Mrs. Alice Horton, 25 cents; Mrs. J. R. Brown, 30 cents; Mrs. Felton, 25 cents; Mrs. Pleasant Cherry, 25 cents; Mr. Burnett, 25 cents; Mr. Bell, 25 cents; Mrs. Mattie Smith, 25 cents; Mr. W. M. Skinner, 25 cents; Mr. Perkins, 25 cents; Mrs. Annie E. Jones, 25 cents; Miss Christian Hawkins, 25 cents; Mrs. Ida Brown, 25 cents; Miss Alice Maloy, 25 cents; Mr. Ptuis Bell, 25 cents; Mr. Walter Vaughan, 25 cents; Miss Willie Brothers, 50 cents; Miss Matilda Hoggard, 25 cents; Mr. J. A. Bass, 25 cents; Mr. Amos Sadly, 25 cents; Mr. Dudly Smith, 25 cents; Miss Mary Maloy, 25 cents; Mr. George Mitchell, 50 cents; Mrs. Minnie Moore, 25 cents; Mrs. Datty Wynn, 25 cents; Rev. J. T. Doles, 50 cents; Mrs. S. T. Moore, 25 cents; Rev. G. W. Williams, 50 cents; Mr. T. J. Rayner, $1; Miss Annie M. Bell, $1.

Tarboro—Y. D. Garrett, $1; Mr. James A. Foreman, 25 cents.

Windsor—Mr. G. W. Speller, 25 cents; Miss S. E. Parker, 25 cents; Miss Lettie Hardy, 25 cents.

Oak City—Mr. B. H. Green, 25 cents.

Belcross—Mr. E. W. Spence, 50 cents.

Edenton—Dr. C. M. Cartwright, $1.25.

Seaboard—Miss Alice M. Alston, 25 cents.

Cremo—Miss C. W. Cherry, 25 cents.

Washington, D. C.—Miss B. B. Kinnerly, 30 cents.

Malden, Mass.—Miss M. S. Jackson, 50 cents.

Ann Arbor, Mich.—Miss E. J. Lewis, 50 cents.

Cambridge, Mass.—Miss H. E. Lee, $1.

Augusta, Ga.—Miss S. B. Davis, $1.

Orangeburg, S. C.—Miss L. L. Wallace, 75 cents.

Trenton—Mr. J. R. McCray, 25 cents.

Littleton—Mr. Howard Fitts, 25 cents.

Moyock—Miss Willie Hollomon, $1.
Manson—Mr. W. H. Garnes, 25 cents.
Zenia, Ohio—Prof. H. R. Logan, $1.25.
Rich Square—Mr. E. R. Jacobs, 25 cents.
Stockbridge, Mass.—Miss Viola Springtein, $1.
Quitsna—Miss Mary Allen, $1.
Union Chapel—Rev. A. D. Moore, pastor, $5,37.
Rocky Mount—Miss Catherine Lawrence, $1.
Washington, D. C.—Mr. John Bright, $1.
East Weymouth, Mass.—Mrs. Emeng Bradley, $5.
Jamesville—Miss Emma I. Green, $1.
Weeksville—Mrs. G. A. Shannon, $1.
Powell's Point—Miss L. B. Wescott, $5.
Elizabeth City—Miss Clarkie Hinton, 50 cents.
Gates—Miss E. O. Piland, $1.
Ransomville—Mrs. Ada Hardy, $1.
Washington, D. C.—Mr. M. A. Bright, $5.
Elizabeth City—Dr. E. L. Hoffler, $3.
Norfolk, Va.—Mrs. Annie Harrell, $1.
New Jersey—Mr. Alonzo Williams, $6.
Gregory—Mr. A. J. Wilson, 50 cents.
Weeksville—Mr. W. M. Dance, $2.50.
Scranton—Mr. William Spencer, $5.
Gates—Miss Mell J. Hunter, 25 cents.

Lebanon Grove, Gates County—Rev. W. H. A. Stallings, pastor, $6: Lee Riddick, 25 cents; Rev. W. H. A. Stallings, 35 cents; L. P. Somner, 25 cents; Wright Hoffler, 40 cents; J. F. Beaman, 25 cents; Willis Harrell, 25 cents; Catherine Jenkins, 25 cents; Mrs. A. Dawson, 25 cents; Mrs. B. L. Hinton, 25 cents; Mrs. Ophelia Fergerson, 25 cents; Hugh Brinkley, 35 cents; E. W. Bryant, 25 cents; David E. Hoskins, 25 cents; Willie Armstrong, 25 cents; Charlie Goodman, 25 cents. Others contributed less than 25 cents.

We are very grateful to every contributor for the smallest as well as for the largest amount which has been contributed for the benefit of the institution. We want our friends to help us make the State Normal School a great institution for the benefit of colored young men and women who are to teach in the public schools of North Carolina. You may help with your moral and financial support and by giving your children to be educated. My friends, I hope you feel that it is your indispensable duty to do these things, and more. Enter your children the first day school opens.

Record of Pupils, 1912-1913

Occupation of Parents

	Boys.	*Girls.*	*Total.*
Total number of pupils	172	326	498

SUMMARY OF INFORMATION

The school aims to prepare young men and women to teach in the public schools of the State and to become efficient workers along any line of honest endeavor.

The Principal invites correspondence with parents, teachers, ministers, school committeemen and young people who desire to become useful men and women.

There is an increasing demand for Normal School graduates as teachers. The Normal graduate does far better service as a teacher, because she receives *special training for teaching.* I had a request in April, 1910, for two graduates as teachers, at a salary of $60 and $45, respectively, per month. Since then I have had a request from the Chairman of the State Board of Education in one of the Southern States for a Normal School principal.

The Principal makes preparation for the opportunity, keeps in touch with superintendents of schools, school officers, and teachers, and aids graduates in securing positions as teachers. Let him have your names and addresses.

The Normal has the best teaching force it can secure. The teaching *hours are used for teaching.* Students are not allowed to waste their time. It pays to be a student of the Elizabeth City State Colored Normal School. Thorough instruction is given here in the essential subjects. Students are trained in the art of teaching.

Tuition is free to all persons who pledge themselves to teach in the public schools at least one session. The institution employs a few students, and will get work for others who wish it, in the city. Students are advised to keep profitably employed, and to avoid the loafiing element of our people, who cause the race so much trouble.

All arrangements for boarding and rooming are subject to the approval of the Principal. Write him at once for all arrangements.

The Normal *reading room* is fairly well supplied with newspapers, journals, magazines, and other helpful literature.

The school library contains some carefully selected volumes, which the students are encouraged to read.

The best medical attention is promptly given in case of illness, and parents are notified in cases of serious illness.

Students should be well recommended by a person of good standing before entering school.

The daily session of the school begins at 8:55 a. m.

The State has erected a three-story brick dormitory for girls at a cost of $20,000, which was occupied September 9, 1912, for the first time.

During the year I have had requests from teachers for positions and school officials for teachers. County superintendents are invited to write me for teachers.

25002

Since the establishment of the Normal twenty-two years ago, there have gone out from her walls as graduates 301 young men and women. A large majority of these have maintained a high standard in moral character and as teachers, professional men, and workers for humanity's uplift.

We try to impress upon the minds of our student body the fact that education, to be effective for moral, intellectual, physical and industrial uplift and betterment, must be coupled to something worthy, inspiring, strengthening and useful. The head, hand and heart must be educated.

Students who did not pass the last examination may take another examination [illegible] ember 8, 1913. All new students will take a different exam[illegible]n, beginning at the same time. Arithmetic, grammar, including composition and reading, are the important subjects on which students will be examined.

We do what we can to secure positions for teachers. Make application to the Principal.

LONNIE JOHNSON, *Janitor.*

State Normal School Calendar
1914-1915

1914.

FIRST TERM.

Monday, September 14—Examinations begin.
For New Students:
Preliminary Registration.
Entrance Examinations.
Examinations for the Fourth Year.
For Former Students:
Examinations for Non-Promoted Students.
Examinations for Higher Class.
Tuesday, September 15—Examinations end. Registration of former students.
Wednesday, September 16—Regular Normal Work begins.
Thursday, November 26—Thanksgiving Holiday.
Wednesday, Thursday, December 9, 10—First Term Examinations.
Wednesday, December 23—Christmas Holidays begin.

1915.

Friday, January 1—Emancipation Day.
Friday, January 1—First Term ends.
Monday, January 4—Classroom Work resumes.

SECOND TERM.

Monday, January 4—Second Term begins.
Monday, April 5—Senior Class Examinations begin.
Tuesday, April 20—Second Term Examinations begin.
Tuesday, April 27—Industrial Exhibits.
Friday, April 30—Meeting of the Alumni Association.
Friday, April 30—Session ends—Commencement Exercises.

FACULTY.

GENERAL INFORMATION

Tuition

Tuition in all the normal schools is free to those who intend to teach in the colored public schools of North Carolina. Those who do not intend to teach must pay $10 tuition. These schools are maintained for the purpose of training teachers for the elementary public schools. It is only just and right that those who take advantage of these schools, and who do not intend to teach, shall pay the tuition charge.

Diploma fee for Normal School graduates, $1.

Certificate, D. S. Department, *free.*

Purpose

The Colored State Normal Schools at Winston-Salem, Fayetteville, and Elizabeth City are maintained by the State for the purpose of training teachers for the colored elementary public schools of North Carolina. The school at Winston-Salem was established in 1895; the school at Elizabeth City in 1891, and the school at Fayetteville in 1877.

Important Regulations

The following general regulations apply to all the normal schools:

1. Pupils of both sexes are to be admitted, but all boarding pupils must consult the Principal before making any arrangements for boarding outside the school dormitories.

2. *Only pupils of good moral character will be admitted or retained in the schools.*

3. *No pupil will be admitted to any of the schools after the opening week, except upon examination, which examination will cover the previous work of the class to which admission is sought.* All such examinations given by the Principal.

4. No pupil will be advanced to a higher class except upon the satisfactory completion of the work of the preceding class. All tests and examination questions shall be first approved by the Principal, and no promotion to a higher class shall be valid except approved by the Principal.

5. The school year shall consist of eight months of twenty school days each. No holidays except Thanksgiving Day, Washington's Birthday, Christmas, and New Year's Day shall be given. A Christmas recess not exceeding ten days may be given, but such recess shall not be included in the school year of 160 days.

6. *Five unexcused absences during the year may cause any pupil to be suspended from school for the remainder of the year.* No Principal should accept any excuse for tardiness or absence except the serious sickness of the pupil or his immediate family.

7. No substitute teacher shall be employed, except upon the approval of the Principal, and no student shall be permitted to teach any normal class without the Principal's approval.

8. All students who receive free tuition should sign a pledge to teach in the colored public schools of the State.

9. The satisfactory completion of the work of the fifth grade of the Practice School, as set forth in the State Course of Study, will be required for entrance on the work of the preparatory course of study.

10. Upon the satisfactory completion of the normal course, graduates will receive a diploma.

11. Any student may be suspended for the remainder of the session who contracts with any person to pursue a course of study outside the school without the approval of the management of the institution.

12. It shall be a violation of the rules and regulations of the institution for any student to contract a debt with any instructor or other person, except a member of the student's family, without the approval of the Principal.

13. Young women will not be allowed to visit during the session without permission, nor to remain in town after school closes. No person who is unwilling to comply with the rules and regulations of the school should apply for admission.

14. Certificates of graduation will be given to pupils who complete the course of study in the Domestic Science and Domestic Art Departments.

15. *Examinations.*—Regular examinations are held at the end of each term and at such other times as the faculty may choose. The required passing grade is 70 in arithmetic, grammar, spelling, American history, geography, physiology and literature. In the remaining subjects 65 per cent is the passing grade. The passing grade is determined by averaging the daily and examination grades.

16. *Third Year* normal students will be required to pass the Superintendent's examination before they will be admitted to the Fourth Year normal class. A second opportunity will be offered on the opening day of the next session for those who may fail the first time.

Courses of Study

The Course of Study has been raised and went into effect July 1, 1912. The former preparatory class has been added to the Practice School Department as the Fifth Grade. The First Year Normal Class becomes the regular Preparatory Department. The Sixth Grade only will be stationed in the Preparatory room. The Fifth Grade

pupils belong to the Practice School Department and will occupy a separate room. With the necessary changes in text-books, the Second Year Normal Course of study becomes the First Year; the Third Year, the Second Year; the Fourth Year, the Third Year; and the Academic Course, or its equivalent, becomes the Fourth Year Course of Study. This gives a very excellent curriculum. Later we will add a higher Academic Department.

This change in the Course of Study makes it quite possible for the institution to send out graduates who will be far better qualified to teach in the public schools of the State than ever before. Former students should especially note the change and accept it with great delight.

There are five grades in the Practice School Department, but only a limited number of students will be admitted into this department.

All pupils who enter the Practice School must pay in advance $1.00 as an incidental fee and 50 cents each month as a tuition. Pupils will not be allowed to remain in this department, who fail to meet the requirements. The instruction will be the best. All applications for admission to this department should be made to the Principal before school opens on September 14, 1914.

PREPARATORY DEPARTMENT

Course of Study

This course will contain such subjects as are generally included in Sixth Grade work. All students to enter the normal course of study must pass a satisfactory examination in all the branches of the preparatory course, or their equivalent. Students should not apply for promotion until the preparatory course has been completed.

1. Reading:

a. Phonics (spelling, writing, diacritical marks); Reed's Word Lessons. Teach also words found in the reading lessons.

b. Selections from Riverside Literature for Seventh Grade.

2. Language:

a. The Story (oral and written).

b. Copying and dictation by sentences and paragraphs. The copying and dictation must not take the sentence out of its place in the paragraph. The relation of sentences and paragraph must be retained in all the work. Use the readers as the basis of the work. Teach letter-writing.

c. Hyde's Lessons I, for formal work. Select with care the composition work outlined in the book.

d. Review pp. 70-158. Begin advance work p. 159 and complete the book by end of session.

3. Drawing and Writing:

a. Use Progressive Drawing, II and III. The pupils are not simply to draw lines, but learn to draw real things, using lines. Book I should be taken up by beginners, Books II and III completed.

b. Berry's Writing Books, IV and V completed.

4. Arithmetic:

a. Review formal addition, subtraction, multiplication and division of whole numbers. Then take up:

b. Common fractions, decimals, compound quantities and percentage, using Milne's Progressive Arithmetic, II.

5. History:

Hill's North Carolina History completed.

6. Geography:

Dodge's Comparative. Teachers read Tarr and McMurry's Book II.

7. Science:

Ritchie's Primer of Sanitation completed.

NORMAL DEPARTMENT

Course of Study

FIRST YEAR NORMAL.

1. READING:
   a. Phonics (spelling, writing); Reed's Word Lessons.
   b. Selections from Riverside Literature for Seventh Grade, completed.

2. LANGUAGE:
   a. Story (oral and written); copying and dictation; letter-writing.
   b. Grammar: Reed & Kellogg's Higher Lessons in English.

3. ARITHMETIC:
   Review formally the fundamental operations. Use Milne's Progressive Arithmetic, third book. First term, pp. 103-183; second term, 183-247.

4. HISTORY:
   a. Our Republic. First term, pp. 1-175; second term, 175 to end.
   b. Prominent Biographers; story (oral and written), completed.

5. GEOGRAPHY:
   Dodge's Comparative, completed.

6. VOCAL MUSIC:
   Aiken's Music Course.

7. DRAWING AND WRITING:
   a. Progressive Drawing, III and IV.
   b. Berry's Writing Books, VI and VII.

8. CIVIL GOVERNMENT:
   Peele's Civil Government, completed.

9. SCIENCE:
   a. Cooking and Sewing, Theory and Practice.
   b. Ritchie's Human Physiology, completed.

SECOND YEAR NORMAL.

1. ENGLISH:
   a. Literature: Selections from Riverside Literature for Eighth Grade, completed in five months; Review of Stories for Supplementary Reading in Primary Grades (see course of study for rural schools).
   b. Grammar: Reed and Kellogg's Higher Lessons in English, completed.
   c. Oral and written reproduction of stories, copying, dictation, composition.
   d. Spelling: Reed's Word Lessons. Teach phonics.

2. Arithmetic:
Milne's Progressive (third book), completed.

3. Science:
a. Cooking and Sewing, Theory and Practice.
b. Physiology: Culler's Third Book, First Term.
c. Agriculture for Beginners: Hill, Burkett and Stevens, Second Term.

4. History:
Montgomery's Leading Facts in English History, completed.

5. Vocal Music:
Aiken's Music Course.

6. Progressive Drawing, V and VI, completed.
7. Berry's Writing, VII and VIII, completed.

THIRD YEAR NORMAL.

1. English:
a. Literature: Lady of the Lake, Courtship of Miles Standish, Tennyson's Idylls of the King.
b. High School English, Brubacher and Snyder, Book I.
c. Practical exercises in written English.
d. Spelling: Reed's Word Lessons.

2. Mathematics:
a. Milne's High School Algebra.
b. New Advanced Arithmetic: Cook and Cropsey, completed.

3. Science:
a. Domestic Science and Domestic Art, Theory and Practice.
b. Tarr's Physical Geography, completed.

4. History:
Myer's General History.

5. Latin:
Gunnison and Harley's First Year, completed.

6. Progressive Drawing, VII and VIII.

7. Vocal Music:
Aiken's Music Course.

8. Rhetoricals.

FOURTH YEAR NORMAL.

1. English:
a. Literature: Milton's Minor Poems, Shakespeare's Macbeth, Scott's Ivanhoe, George Eliot's Silas Marner.
b. Composition and Rhetoric: Thomas and Howe, completed.
c. Practical exercises in written English.
d. Letter-writing.

2. SCIENCE:
   a. Domestic Science and Domestic Art, Theory and Practice.
   b. Commercial Geography: Robinson (Rand, McNally & Co.).
   c. Dodd's Chemistry of the Household; or Culler's First Book in Physics (Lippincott Co.).
3. HISTORY:
   a. Myer's General History, completed.
   b. Review of United States: Hart's Essentials in American History.
4. LATIN:
   a. Review the work of the previous year.
   b. Cæsar's Commentaries, Books II, III, IV and I; Bennett's Cæsar and Bennett's Latin Grammar (Allyn and Bacon).
5. MATHEMATICS:
   a. Milne's High School Algebra, completed.
   b. Plane Geometry.
   c. Review of Arithmetic: Beaman and Smith's Higher Arithmetic.
   d. Bookkeeping.
6. PROGRESSIVE DRAWING, I and VIII.
7. VOCAL MUSIC:
   Aiken's Music Course.
8. RHETORICALS.

Pedagogical Course

THIRD YEAR NORMAL.

Text.—Colgrove's The Teacher and the School.

FOURTH YEAR NORMAL.

Texts.—*a.* Hamilton's The Recitation.
b. Phonics in Reading and How to Teach Reading.
c. Barrett's Practical Pedagogy.
d. Checking the Waste.
e. O'Shea's Everyday Problems in Teaching.
f. Observation and Practice Teaching, grades 1-5.
g. Charters' Teaching the Common Branches.

PRACTICE SCHOOL DEPARTMENT

Observation and Practice Teaching

In the practice and observation work the presence of a critic teacher gives the practice teacher the benefit of helpful supervision and the opportunity of being helped on specific and general school work daily. Each practice teacher must prepare outlines of the subjects she teaches, which will set forth the method and purpose of her work. She will be aided by the critic teacher.

The time each graduate student spends in the Practice School is equivalent to one hour per day. At times the student-teacher is put in charge of the Practice School, in order that she may have practice in managing a whole school.

Course of Study

It is sometimes necessary, on account of the poor preparation of those who apply for entrance to the classes of the normal schools, to have a good primary school in connection with each normal. It is also necessary to have such a school in which candidates for graduation from the normal schools can be required to teach prior to graduation. Therefore all candidates for graduation will be required to teach in the Practice School.

FIRST GRADE.

I. Spelling:

1. First steps in phonics and writing, as contained in *How to Teach Reading* (see Part II). This work will require seven weeks.

2. A Spelling Book (Revised), taken up at the beginning of the eighth week.

II. Reading:

1. Haliburton's Primer.

2. Graded Classics I.

3. Claxton's Grimm's Fairy Stories. Teachers should read *How to Teach Reading.*

III. Language:

1. The oral reproduction of stories.

2. Copying and dictation of little words.

3. Other formal work—how to write the children's and their parents' names and post-office addresses, how to write the days of the week and the months of the year, how to write the seasons and the names of the books used in the classes; how to write the titles—Mr., Mrs., Miss, Rev., Dr.; and how to write a simple letter, in correct form, from dictation.

Class of 1914.

For details, teachers are referred to *Suggestions for Language Teaching*, in Bulletin VIII.

IV. Drawing:

a. The children should be permitted to draw the objects they desire to draw.

b. Use Progressive Drawing I, beginning the tenth week with book.

V. History:

The *fairy story* and the *myth* are the child's first history stories. The first grade reading may, therefore, be considered the first work in history.

VI. Arithmetic:

1. Learning to count (oral).
2. Learning to read and write numbers, 1-100.
3. Teachers use Graded City Arithmetic and the Gilbert Arithmetic, Book I, and First Journeys in Numberland, as guides for First and Second Grades in number work. See Bulletin VIII.

VII. Physiology:

1. Care of the teeth and the eyes.
2. Care of the hair, nails, skin.
3. Food and clothing; fresh air and pure water.
4. Effects of cigarettes.

The work should be entirely oral. Teachers will find the above topics treated in Culler's Physiology I.

VIII. Geography:

1. First step—conception of the great world beyond:

a. Let the teacher read to the children the stories in Shaw's Little People and Big People of other Lands, and the following stories from Holbrook's Hiawatha Primer: The Milky Way, p. 40; The Firefly, p. 52; The Moon, p. 64; The Rainbow, p. 96; The Owl, p. 80; Hiawatha's Chickens, p. 88; Hiawatha's Brothers, p. 96; Hiawatha's Hunting, pp. 114, 120, 126; The Winds, pp. 127-132; Mondamin, pp. 132-134.

b. Teacher and children make a collection of pictures of the children of other lands to show how they live.

2. The second step—home geography:

a. Elementary ideas of direction, distance, form, color.

b. The weather chart.

For further details, teachers are referred to *Suggestions for Geography Teaching.*

IX. Agriculture:

The introductory work necessary to be done in Grades I-IV, before the book is taken up, is given somewhat in detail under *Suggestions for Teaching Agriculture.*

SECOND GRADE.

I. SPELLING:

1. Review the work indicated for First Grade.
2. A Spelling Book (Revised).

II. READING:

1. Graded Classics II.
2. McMurry's Robinson Crusoe, or Baldwin's Fifty Famous Stories.

For further suggestions, see *How to Teach Reading.*

III. LANGUAGE:

1. The oral reproduction of stories.
2. Copying and dictation.
3. Other formal work—review the work indicated under this heading for first grade and have the children practice writing simple letters of their own composition.

For details of the above work, teachers are referred to *Suggestions for Language Teaching.*

IV. DRAWING:

1. Let the children continue to draw the objects they are interested in. Let them try to illustrate some of the stories read to them during the year.
2. Use Progressive Drawing I.

V. HISTORY:

The work in history is embraced in the *reading* done during the year.

VI. ARITHMETIC:

1. Reading and writing numbers, 1-1,000.
2. The 36 addition facts.
3. Gilbert Arithmetic, Book I.

VII. PHYSIOLOGY:

See outline of the work for first grade.

VIII. GEOGRAPHY:

1. The first step—conception of the great beyond:

a. Teacher reads to the children Andrew's Seven Little Sisters.

b. Teacher and children make a collection of pictures of the children of other lands to show how they live.

2. The second step—home geography:

a. Elementary ideas of direction, distance, color, form.

b. Weather chart.

For further details see *Suggestions for Geography Teaching.*

IX. AGRICULTURE:

See *Suggestions for Teaching Agriculture.*

THIRD GRADE.

I. SPELLING:

1. Review the work indicated for First and Second Grades.
2. A Spelling Book.

II. Reading:

1. Heart of Oak Book III.
2. Cook's Story of Ulysses.

For further suggestions, see *How to Teach Reading.*

III. Language:

1. Oral and written reproduction of stories.
2. Copying and dictation; letter writing.
3. Other formal work—Hyde's Language Lessons I, pp. 1-70, to be *used by the teacher, but not in the hands of the children.*

For details, see *Suggestions for Language Teaching.*

IV. Drawing:

1. Let the children try to illustrate some of the stories read to them by the teacher during the year.
2. Use Progressive Drawing II or III.

V. History:

The work in history is embraced in the reading done during the year. Read to the children stories from history.

VI. Arithmetic:

1. Formal addition, subtraction, multiplication, and division.
2. Use Milne's Progressive Arithmetic I.

VII. Physiology:

See outline of the work for First Grade.

VIII. Geography:

1. First step—conception of the great world beyond:

a. Teacher reads to the children Little Lucy's Wonderful Globe.

b. Teacher and children locate on a large map or globe North America and the other continents, the oceans, the United States, North Carolina, some of the cities and countries of which they have heard, their own county, and the nearest-by towns.

2. Second step—home geography:

a. Elementary ideas of direction, distance, color, form.

b. Weather chart.

c. Local occupations, local land and water forms.

For further details see *Suggestions for Geography Teaching.*

IX. Agriculture:

See *Suggestions for Teaching Agriculture.*

X. Writing:

1. Begin writing with pen and ink.
2. Use Berry's Writing Book III.

FOURTH GRADE.

I. Spelling:

1. Review work indicated for First, Second, and Third Grades.
2. A Spelling Book (Revised).

II. Reading:

1. Fourth Language Reader.
2. Moulton's Bible Stories of the Old Testament.

For further suggestions, see Educational Bulletin I.

III. Language:

1. Oral and written reproduction of stories.
2. Copying and dictation; letter writing.
3. Other formal work—Hyde's Language Lessons I, pp. 70-158, in hands of the children.

For details, see *Suggestions for Language Teaching.*

IV. Drawing:

1. Let the children try to illustrate some of the stories read to them during the year.
2. Use Progressive Drawing III and IV.

V. History:

1. White's Beginner's U. S. History, pp. 1-32; Pioneers and Explorers.
2. Shaw's Discoverers and Explorers, supplementary, to be read by the teacher to the children and the stories retold by the children.
3. Children read the remainder of White's History.

VI. Arithmetic:

1. Review previous work and teach common fractions.
2. Use Milne's Book I.

VII. Physiology:

See outline of the work for first grade.

VIII. Geography:

1. Home Geography: review work of previous grades. In addition, the teacher should read to the children pp. 1-93 Tarr and McMurry's Geography I, asking and requiring the answers to the questions at the end of each chapter.
2. Use as text Dodge's Primary Geography.

See *Suggestions for Teaching Geography.*

IX. Agriculture:

See *Suggestions for Teaching Agriculture.*

X. Writing:

Use Berry's Writing Book IV.

FIFTH GRADE.

This course of study contains such subjects as are generally included under Fifth Grade work. All students to enter the Preparatory Course of Study must pass a satisfactory examination in all the branches of study in this course, or *their equivalent.*

1. Reading:

a. Phonics (spelling, writing, diacritical marks); Reed's Word Lessons, including words found in the reader.

b. Longfellow's Song of Hiawatha and Francillon's Gods and Heroes. One of these readers should be completed each term.

2. Language:

a. The Story (oral and written).

b. Copying and dictation by sentences and paragraphs. The copying and dictation must not take the sentence out of its place in the paragraph. The relation of sentence and paragraph must be retained in all the work. Use the readers as the basis of the work. Teach letter writing.

c. Hyde's Lessons I, for formal work. Select with care the composition work outlined in the book.

d. Review pp. 70-158. Begin advance work, p. 159, and complete the book by end of session.

3. Drawing and Writing:

a. Use Progressive Drawing II and III. The pupils are not simply to draw lines, but learn to draw real things, using lines.

Book III should be taken up after Book II has been completed.

b. Berry's Writing Books III and IV.

4. Arithmetic:

a. Review notation and numeration; formal addition, subtraction, multiplication and division of whole numbers. Then take up:

b. Common fractions, decimals, compound quantities and percentage, using Milne's Progressive Arithmetic II.

5. History:

a. Study White's Beginner's History of United States.

b. Study Colonies. The teachers will take up the study of the Colonies after the plan of Guerber's Story of the Thirteen Colonies.

c. First Term, pp. 1-168; Second Term, p. 169 to end.

6. Geography:

a. Home Geography. Teachers will follow plan of Tarr and McMurry's Geography I.

b. Use Dodge's Primary Geography. Complete this book.

7. Science:

Ritchie-Caldwell Primer of Hygiene.

INDUSTRIAL DEPARTMENT

There is a greater awakening in favor of efficient manual service than ever before. Therefore a knowledge of the theory and practice of hand work is necessary for the young people who are going out into the world expecting success to crown their efforts.

Manual Training for Boys

Some form of manual training for the boys, such as shop work or agriculture, will be inaugurated as soon as possible. We can only hope to make a beginning on a small scale until money is available for this department. The theory of agriculture is taught in the Second Year Normal Class.

Domestic Science

There is no vocation in which young women may be more useful than in the profession of Domestic Science and Domestic Art. Those who qualify for this work are greatly in demand as teachers, cooks, seamstresses, and housekeepers. They may preside over their own homes as well as others with greater efficiency and dignity.

Each class receives instruction in making of a kitchen fire, in cleanliness, dish-washing, care of the kitchen, and serving. The instruction outlined above is given in conjunction with the preparation of meals and the specific cooking of:

FIRST YEAR.

The potato, eggs, cereals, vegetables, meats, fish, and breads; planning and serving meals; cleaning.

SECOND YEAR.

Batters, soups, pastry, meats, fish, salads, breads, warm-over dishes, cakes, and puddings; marketing; planning, cooking, and serving meals; cleaning.

THIRD AND FOURTH YEARS.

The Third and Fourth Year students use a text-book, Williams and Fisher's Elements of the Theory and Practice of Cooking. The Third Year class, pp. 1-143; the Fourth Year class will begin on page 144 and continue until the book is completed.

Fourth Year Domestic Science and Art Class.

DOMESTIC ART DEPARTMENT

Course in Sewing

FIRST YEAR.

Basting, combination stitch, shirring, feather stitching, catch stitching.

Seams: French, French fell, flat fell, overcasting, overhanding, making of buttonholes and eyelets; sewing on buttons, hooks and eyes, darning and patching.

Aprons; short outing flannel petticoats are made in which all of the above work in stitches and seams is used excepting French fell.

SECOND YEAR.

Drafting, fitting and making of underwaists and petticoats, tucking, different methods of sewing on of insertion, lace and embroidery. (Models of each method are made.)

THIRD YEAR.

Review of second year's work when necessary.

Drafting, fitting, and making of night dresses and undergarments from measurements; simple dressmaking.

Cutting and making of men's shirts by pattern.

FOURTH YEAR.

Drafting, cutting, fitting. Some form of pattern making. Making select undergarments from measurements. Making unlined and lined dresses and sacques. Advanced work will be taken up when pupils are prepared for it; hand and machine work; dressmaking.

A certificate of graduation will be awarded those who complete satisfactorily the course of study prescribed for the Domestic Science and Domestic Art Departments.

GENERAL EXPENSES AT THE STATE NORMAL

Since there is no profit at low rates in board, we can not afford to take risks. Therefore it is highly important that all bills be paid promptly in advance. No exception should be expected.

Board, room rent, heat, light, and services of janitor (four weeks, twenty-eight days), for young women	$7.00
Board, room rent, heat, light, and laundering, for men (four weeks) (men board in private families)	8.00
Incidental fee, per session, for all students including P. S. puils. (It must be paid first day)	1.00
Instrumental Music (four weeks), four lessons	1.00
Electric light service per session	1.00

All students must purchase text-books. Please bring from $2 to $5 for that purpose. *Every student must pay $1 incidental fee the day she or he enters school.* Board must be paid in advance in order that we may have money with which to run the boarding department.

Practice School tuition will be 50 cents per month in advance. That is, when the child enters school he will be required to pay his tuition for the first month and 50 cents at the beginning of each month thereafter for the remainder of the session.

Each young woman who rooms in the dormitory should bring three sheets, three pillow cases, blankets or quilts, towels, rubbers, parasol, warm wraps, and soap.

The lady teachers and the girls who do not live in Elizabeth City will be expected to room and board in the GIRLS' DORMITORY.

Some of the girls will be given the opportunity to work, which will reduce their board bill each month.

Enter school on the first day.

The day on which each student enters school she will be expected to pay for the first month's board. At the expiration of twenty-eight days board will be due again, and so on until the session closes.

Twenty-eight days make a boarding month.

Prizes

The Melick Prize, the gift of the Messrs. P. W. Melick Company, will be awarded to that member of the Normal graduating class who shall excel in *cleanliness, neatness, attendance, and conduct.*

A sum of money sufficient to pay one month's board will be awarded to that young woman whose record at the end of the school year shall be highest in Domestic Science and *conduct.* This will be the S. N. S. Prize.

The Gilbert Prize, the gift of Mr. O. F. Gilbert, the proprietor of Mitchell's Department Store, the donor of $100 to the institution in 1905, will be awarded a member of the Normal graduating class for the best essay or oration on Commencement evening.

The Cardwell Prize, given by G. W. Cardwell, M.D., the proprietor of the Leonard Pharmacy, will be awarded to that member of the Normal graduating class who shall make the highest record in physiology, history, and conduct.

The Standard Drug Company Prize will be awarded a member of the graduating class on Commencement evening for excellence in essay on the "Elizabeth City State Normal School," or another subject.

The Fowler & Company Prize, the gift of Messrs. Fowler & Company, will be awarded, by request of the company, to that young woman who shall prove to be the best helper to other girls during the session.

The Selig Prize, the gift of Mr. Louis Selig, the leading jeweler of this city, will be awarded to that member of the class who shall make the highest record in English and conduct.

The McMullan Prize, the gift of Dr. O. McMullan, the proprietor of the City Drug Store and a leading physician of the city, will be awarded to that young woman of the Domestic Science and Art Department who shall be considered the neatest and cleanest, and whose general average shall be considered best. Confined to the Fourth Year Normal class.

The M. Leigh Sheep Company Prize, the gift of Mr. M. Leigh Sheep, the major owner of the firm, will be awarded to the young woman who makes the second highest record in Domestic Science and Art as a member of the Third Year class.

The M. D. Spellman Prize will be awarded to that Third Year Normal student who shall make the highest average in grammar, arithmetic, and deportment.

The S. R. Siff Company Prize awarded for excellent progress in Domestic Science and Domestic Art.

The Mrs. J. A. Boom Prize will be awarded for best English in Fourth Year Class.

Prizes Awarded, 1914

The following is the order in which the prizes were awarded:

Melick Prize—Miss Annie F. Lassiter.

S. N. S. Prize—Miss Jessie Stewart.

Gilbert Prize—Miss Eva Jordan.

Cardwell Prize—Mr. Herbert Lassiter.

Standard Drug Co. Prize—Miss Hattie Eason.

Selig Prize—Mr. Claude F. Wilder.

McMullan Prize—Miss Sarah J. McRea.

M. Leigh Sheep Prize—Miss Maggie J. Hawkins.
McCabe & Grice Prize—Miss Lillian McMurren.
Owens' Shoe Co. Prize—Miss Fannie Garnes.
The S. R. Siff Co. Prize—Miss Inez Jones.

General Information

The Opening Exercises.—The opening exercises take place in the chapel each school day from 9:00 a. m. to 9:20 a. m. The exercises consist of singing, Scripture reading, and prayer. Short talks are occasionally made on important topics by the Principal. Important announcements are also made during the opening period. The Faculty as well as the students attend these exercises, in which all find pleasure and profit. No student should ever be absent from the opening exercises.

Prayer Meeting.—On Wednesdays, after school, the students and Faculty devote a short time to a well-conducted prayer meeting. This meeting helps to keep the spiritual and religious life of the school vigorous and healthy. It is one of the most important meetings in the school. All students are required to attend and are encouraged to take part in the meetings. This meeting brings us all on a level, in a way, that no other can do.

Christian Associations.—The Young Men's and Young Women's Christian Associations are instrumental in toning up and deepening the moral and religious life and activity of the student body. These meetings are regularly held on Sunday afternoon. Every student is expected to be a member of these associations and to be in regular attendance upon them on Sunday afternoon.

Lyceum.—The Lyceum is a literary society, officered by the students, but under the supervision of the teachers. It affords the students an opportunity to become acquainted with parliamentary usages and to have practice in public speaking and discussion. The society meets weekly and renders an occasional public program. The meetings of this organization are very interesting and beneficial.

Regulations

Students must be decent, respectable, orderly, and well behaved at all times.

Students must make good all damage done to furniture or buildings resulting from carelessness.

In order to promote Christian character as well as good scholarship in an institution, students must conform strictly to habits of truthfulness and honesty in purpose, action and work.

All profanity, playing cards or billiards, hanging on the corners of streets or in public places, or associating with persons who do those things, and everything of an immoral tendency, are strictly forbidden.

The School, 1913-1914.

No student will be allowed to remain in school who keeps or uses firearms while he is attending school. Let them remain at home.

Cleanliness of rooms, and particularly of clothing and person, proper attention to order and system in and out of school, and faithfulness to duty, are required of all students.

Regular and prompt attendance upon all meetings and to all duties of the institution is required of every student.

All students are required to attend chapel exercises, prayer meeting, Sunday School, Young Men's and Young Women's Christian Associations, and preaching at 11 a. m., each Sabbath, or at other times when so directed.

Students should have all their mail, express packages, and freight addressed to the State Normal School, Elizabeth City, North Carolina.

All persons desiring information respecting the institution should address their letters of inquiry to

P. W. Moore, *Principal,*
State Normal School, Elizabeth City, N. C.

SOME URGENT NEEDS OF THE INSTITUTION

During the past years of the school we have helped ourselves financially. This has encouraged our friends to help us. On our new school site there have been erected two magnificent brick buildings. These buildings are heated by steam and are installed with electric lights. The girls' dormitory has been supplied with bedsteads, mattresses, chairs, tables and such other things as are essential to comfort. But repairs are to be made from time to time. A dormitory for boys is to be erected as soon as money is available. It will cost between $8,000 and $10,000. We desire that friends to education send us $1.00 or more for the benefit of the dormitories and other expenses. Please send all contributions to the Principal or the Treasurer.

I am profoundly grateful to our friends for the following contributions which they have made during the past year:

Nixon, Mrs. Mary J., West Newton, Mass.	$1.00
Gaskill, Mrs. Alice, Blades, N. C.	1.00
Britton, Mrs. W. A., Elizabeth City, N. C.	.25
Collins, Mrs. H., Elizabeth City, N. C.	.25
Spellman, Mrs. E. E., Elizabeth City, N. C.	.25

We are very grateful to every contributor for the smallest as well as for the largest amount which has been contributed for the benefit of the institution. We want our friends to help us make the State Normal School a great institution for the benefit of colored young men and women who are to teach in the public schools of North Carolina. You may help with your moral and financial support and by giving your children to be educated. My friends, I hope you feel that it is your indispensable duty to do these things, and more. Enter your children the first day school opens and let them remain until the session closes. The best money you can spend on your child is for his education and training in a good school like the State Normal School located at Elizabeth City, N. C. Write the Principal today.

Record of Pupils, 1913-1914

Occupation of Parents

	Boys.	*Girls.*	*Total.*
Total number of pupils	189	339	528

SUMMARY OF INFORMATION

The school aims to prepare young men and women to teach in the public schools of the State and to become efficient workers along any line of honest endeavor.

The Principal invites correspondence with parents, teachers, ministers, school committeemen and young people who desire to become useful men and women.

There is increasing demand for Normal School graduates as teachers. The Normal graduate does far better service as a teacher, because she receives *special training for teaching.* I had a request in June, 1914, for four graduates as teachers, at good salaries, the highest being $350. Applications for good teachers are made throughout the year.

The Principal makes preparation for the opportunity, keeps in touch with superintendents of schools, school officers, and teachers, and aids graduates in securing positions as teachers. All graduates who want assistance in securing positions should send their names and addresses to the Principal.

The Normal has the best teaching force it can secure. The teaching *hours are used for teaching.* Students are not allowed to waste their time. It pays to be a student of the Elizabeth City State Normal School. Thorough instruction is given here in the essential subjects. Students are trained in the art of teaching, also.

Tuition is free to all persons who pledge themselves to teach in the public schools at least one session. The institution furnishes work for a large number of students who wish to reduce their expenses. Students are advised to keep profitably employed, and to avoid the loafing element of our people, who cause the race so much trouble.

All arrangements for boarding and rooming are subject to the approval of the Principal. Write him at once for information.

The Normal *reading room* is fairly well supplied with newspapers, journals, magazines, and other helpful literature.

The school library contains some carefully selected volumes, which the students are encouraged to read.

The best medical attention is promptly given in case of illness, and parents are notified in cases of serious illness. Medical bills should be promptly paid.

Students should be well recommended by a person of good standing before attempting to enter school.

The daily session of the school begins at 8:55 a. m.

The State has erected a three-story brick dormitory for girls at a cost of $20,000, which was occupied September 9, 1912, for the first time. The dormitory is steam heated and well furnished. All lady students board in the Girls' Dormitory.

During the past year I have had numbers of applications from teachers for positions and school officials for teachers. County superintendents are invited to write me for teachers for the colored public schools.

Since the establishment of the Normal twenty-three years ago, there have gone out from her walls as graduates 344 young men and women. A large majority of these have maintained a high standard in moral character and as teachers, professional men, and workers for humanity's uplift. It is true, some have not made good.

We try to impress upon the minds of our student body the fact that education, to be effective for moral, intellectual, physical and industrial uplift and betterment, must be coupled to something worthy, inspiring, strengthening and something useful. The head, hand and heart must be educated and trained for efficiency.

Students who did not pass the last examination may take another examination on September 14, 1914. All new students will take a different examination, beginning at the same time. Arithmetic, grammar, including composition and reading, are the important subjects on which students will be examined.

We do what we can to secure positions for teachers. Make application to the Principal.

All students and graduates should send the names and addresses of persons who might attend the State Normal School. The great State of North Carolina is giving the colored young men and women excellent opportunities to become efficient, useful and worthy citizens. Instead of complaining, use the golden opportunities which the State has given. Show high appreciation for what has been done for Negro boys and girls of our great State.
